aged in 40% new oak for 3 months

Tasting Notes: The 2017 Sonoma Coast Natural Beauty Rose is a beautiful representation of the Pinot Noir grapes. Floral aromatics, like jasmine, with hints of honeysuckle, peach, and lemon verbena greet the nose. Soft, yet bright richness and beautifully balanced with the flavors of peach and a touch of orange creamsicle. With a medium palate, this rose has a refreshing mouthfeel and will leave you wanting more!

The Rose is the symbol of love, beauty and compassion. They always adorn our vineyards and represent reason and virtue. The ruby at its center explains the planet sun. It is my favorite stone as it stimulates energy, encourages vitality, and heightens sensuality. The Rose and the ruby stone have a vibration that radiates intensity and projects energy and enthusiasm for life. The Natural Beauty symbolizes divine love.
