

The Most Romantic Locale in Every State

Hristina Byrnes

CALIFORNIA – SONOMA

This is where wine and winter go together like mornings and Bloody Marys. Regardless of when you actually visit, go to a vineyard to try some of the best wines in the country. Consider the [Heart of Sonoma Valley Wine Trail](#). You can visit 11 wineries with one pass only. You can actually be a winemaker for the day at the DeLoach Vineyards. And you get to keep what you produced at the end of your "shift."
