Boisset Wine Living

Jean-Charles Boisset can best be described as the Avon lady of wine. His brilliant program, Boisset Wine Living, brings a trained "ambassador" to your home or local tavern to walk you and your guests through a comprehensive wine tasting and an educational discussion aimed at demystifying the oft-intimidating grape. At the end, you and your guests can buy as much vino as you like as Boisset has over 67 varieties in its portfolio. It's kind of like a tupperware party, only much, much cooler.

Gift packages start at \$80,
