Wine Bottles that Bring the Sparkle

February 2, 2018 | By Claire | Launches | More Sparkle

The new year kicked off in celebratory fashion with sparkles, bubbles and wine and, thanks to Boisset's latest JCB limited-edition collection, 2018 continues to shine. The new JCB limited-edition collection of wine showcases bottles adorned with Crystals from Swarovski that epitomize style and sparkle for wine enthusiasts.

The Surrealist, a full-bodied Cabernet Sauvignon-based blend, boasts over 6,000 Swarovski crystals. Although these coveted bottles are only offered to JCB club members, we can admire their dazzling beauty!

For the bubbly lovers, each bottle of their newest sparklers features over 100 crystals from Swarovski making these understated-but-chic creations. Bold yet elegant, the No. 8 Crémant de Bourgogne retails at \$85 and the Gala Champagne bottles (in gold and black) go for \$150 each. Time is of the essence for these sparkling beauties, as there are only so many bejeweled bottles available in this exclusive collection.
