2013 LES PARCELLES CACHEÉS ESTATE VINEYARD PINOT NOIR

In the Vineyard

On February 3, 2010, Demeter USA, the only certification agent for Biodynamic® farms in the United States, certified the 17-acre estate vineyard and garden at DeLoach Vineyards, fully compliant with their standards for Demeter Biodynamic status. As one of only sixty-four wineries or vineyards in the U.S. with Demeter certified Biodynamic estate vineyards, DeLoach is among an elite group of sustainable wine grape growers committed to farming in parallel with the Earth's natural cycles.

The 2013 vintage across the Russian River Valley was one of the earliest harvested vintages in years. A warm spring lead to early bud break and created the perfect environment for flowering and fruit set. With warm days and cool nights, grape growers were able to maintain ideal acid levels with optimum, bright fruit flavors.

Conversations with the Winemaker

Our inaugural vintage of our Estate selection comes from the western block of our vineyards in the back of the winery and is a blend the Mt. Eden and Swan clonal selections. These blocks produce lower yields and a more concentrated flavor profile. Both were fermented using their native yeasts in open top fermenters with hand punchdowns before being bottled unfiltered.

Tasting Notes

With a swirl of the glass, beautiful aromas of blueberry with toasty caramel entice the palate. With the first sip, flavors of blackberry and boysenberry explode bringing forth a bright acidity. With a medium plus body and velvety mouthfeel, this wine has a long finish and rich flavors sure to be enjoyed.
