2014 ESTATE COLLECTION PINOT NOIR ROSÉ

In the Vineyard

On February 3, 2010, Demeter USA, the only certification agent for Biodynamic® farms in the United States, certified the 17-acre estate vineyard and garden at DeLoach Vineyards, fully compliant with their standards for Demeter Biodynamic status. As one of only sixty-four wineries or vineyards in the U.S. with Demeter certified Biodynamic estate vineyards, DeLoach is among an elite group of sustainable wine grape growers committed to farming in parallel with the Earth's natural cycles.

Conversations with the Winemaker

Produced from the 2014 harvest of blocks I and 9 of the estate on August 29-September 3, this wine was made in a deliberate rosé style: the grapes were destemmed for overnight juice-skin contact, followed by basket-pressing the juice to neutral barrels for fermentation sur lie. Three months barrel aging with lees stirring contributes a bit of richness and palate breadth to the final wine. As the skins contain most of the tannins, the structure of this rosé has less of a tannic mouthfeel than a typical saignée style rosé.

Tasting Notes

Our Estate Vineyard, 2014 Rosé of Pinot Noir colors the glass with a distinctively light shade of salmon. Alluring aromatic notes of wild strawberry and rose petal leads to a soft, luscious palate of juicy tart fruit and just a touch of citrus peel lifted by a crisp, balanced acidity.
