2015 CALIFORNIA Cabernet Sauvignon

In the Vineyard

At DeLoach Vineyards we strive to produce distinctive wines that spotlight unique *terroirs* in a socially and environmentally responsible way. We practice sustainable viticulture and utilize minimally intrusive winemaking techniques that lets the *terroir* shine through in each wine we craft.

Conversations with the Winemaker

Our 2015 California Cabernet Sauvignon was made from carefully selected Cabernet Sauvignon grapes grown in prestigious, sustainably farmed vineyards across California. Select lots of Cabernet Sauvignon were blended to develop complexity before being aged in primarily stainless steel tanks. A small portion of the wine was aged in seasoned French and American oak barrels to impart a light oak characteristic while allowing the wine to stay true to its varietal character and retain its approachable, fruit-forward style.

Tasting Notes

All of our California appellation wines carry the Heritage Reserve designation and reflect our commitment to showcasing the Golden State's sun-drenched *terroir*. Our 2015 California Cabernet Sauvignon displays aromas of blackberry and black currant with a touch of nutmeg. Well-balanced flavors of ripe raspberry and black cherry with notes of baker's chocolate and orange zest lead to a lingering finish. The moderate acidity and fine tannins make this wine immediately enjoyable and well suited to a variety of dishes.
