2017 CALIFORNIA Cabernet Sauvignon

In the Vineyard

At DeLoach Vineyards we strive to produce distinctive wines that spotlight unique *terroirs* in a socially and environmentally responsible way. We practice sustainable viticulture and utilize minimally intrusive winemaking techniques that lets the *terroir* shine through in each wine we craft.

Conversations with the Winemaker

Our 2017 California Cabernet Sauvignon was made from carefully selected Cabernet Sauvignon grapes grown in prestigious, sustainably farmed vineyards across California. Select lots of Cabernet Sauvignon were blended to develop complexity before being aged in primarily stainless steel tanks. A small portion of the wine was aged in seasoned French and American oak barrels to impart a light oak characteristic while allowing the wine to stay true to its varietal character and retain its approachable, fruit-forward style.

Tasting Notes

All of our California appellation wines carry the Heritage Reserve designation and reflect our commitment to showcasing the Golden State's sun-drenched terroir. The wine opens with striking aromas of cassis, plum and mocha with a touch of black currant. Dark fruit flavors of blackberry and black cherry are accented with notes of nutmeg and cedar. Well-balanced with fine tannins and moderate acidity, this wine is immediately enjoyable and pairs well with grilled lamb chops or tomato sauce-based pasta dishes.
