

Here's how to use your new bonus character images. I'm sure you'll love them.

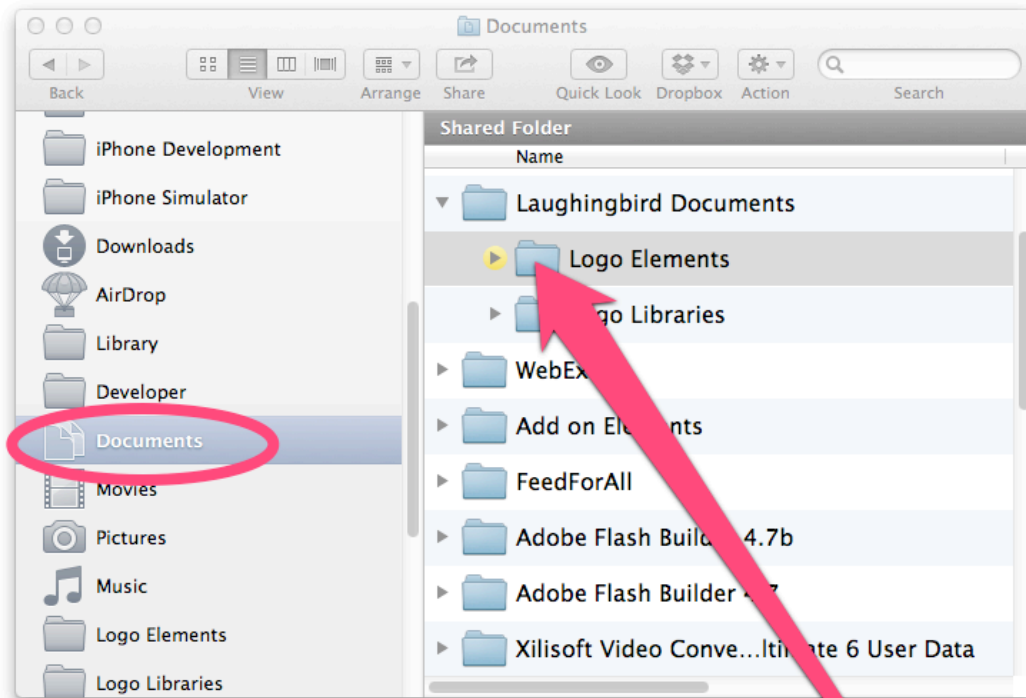

ALL of your logo templates and logo elements are located in your documents folder, inside "Laughingbird Documents"

For Windows:

- Open your Documents folder
- Find "Laughingbird Documents" and open it
- Drop the "Character_Bonus.db" file into The **Logo Elements** folder

For Mac:

Drop the "Character_Bonus.db" file into your Logo Elements folder

Character_bonus-Pak.db

Your new images will show up in the top panel under "Character Bonus Pak" when you launch the software!
