Title Description

In an increasingly globalized world, the movement of peoples across national borders is posing unprecedented challenges, for the people involved as well as for the places to which they travel and their countries of origin. Reviews

What an amazingly fresh voice. I love the author's style, and the fact that she doesn't stop to explain dialect and culture to the reader. Anyone with an out-of-control sister can relate. NYT

Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to insight, how to look behind people's masks, and how to resist conformity to develop your singular ...

Reviews

My love of reading started in childhood, when I used to spend my summers in the library escaping the heat, my allergies, and my sisters. Like many authors, reading is a life-force for me. It is a source of education and entertainment, and I couldn't imagine life without books. Here are a few books I've read recently and loved. —Karin Slaughter
