### Title Description

After spending more than twenty-years years as a Special Agent with the FBI, Kathy Stearman recounts the global experiences that shaped her life—and the mixed feelings that she now holds about the sacrifices she had to make to survive in a man's world. When former FBI Agent Kathy Stearman read in the New York Times that sixteen women were suing the FBI for discrimination at the training academy, she was surprised to see the women come forward—no one ever had before. But the truth behind their accusations resonated. After a twenty-six-year career in the Bureau, Kathy Stearman knows from personal experience that this type of behav...

### About Author

Kathy Stearman, retired FBI Special Agent, spent several years as head of FBI offices in south-central Asia, China, and Mongolia, a position held by few women. Her memoir, *It's Not About the Gun: Lessons from My Global Career as a Female FBI Agent*, is her first book. When not writing, Kathy and her husband, Keith, continue to explore the world. <https://kathystearman.com/>

### Reviews

"In *It's Not About the Gun*, Kathy Stearman chronicles, with raw honesty, her experiences in the male-dominated culture of the FBI... She demonstrates the toughness required to be a female FBI agent, while maintaining the sensitivity needed in the oftentimes challenging and disquieting investigative environments in which she found herself throughout her career. I cannot overstate the profound respect I feel for Kathy and what she has accomplished." -Tom Feuntes, former FBI Assistant Director, Interpol Executive Committee, and Senior Law Enforcement Analyst for CNN
