Title Description

During a serial killers' congress, participants are killed one after another in the same way they used to kill their victims. A killers' killer is on the loose. **The Work** In a North American metropolis, the mutilated body of a man is discovered in the backyard of a local grocery store. Three other murders, each more violent than the last, follow in quick succession. All the victims, only men, are murdered according to operating modes based on staging of an absolute horror. That's all it takes for the word serial killer to be utt...

About Author

Danny-Philippe Desgagné grew up in a mining town in northeastern Quebec, with a detective father and a mother at home. First a letter carrier for 7 years, then a bailiff for a few years, he was tired of working for others to make a living and started a business with his brothers. Following the death of his scriptwriter brother ten years ago, he decides to take up and finish the work they had started to write together: Killer kills Killers. Danny-Philippe is also the author of Irimi (éditions Félix), La flamme et l'abîme (éditions Triskel...
