

Terry Henry Walton Chronicles™ Series

When cyberattacks set off a nuclear holocaust, the survivors are the fittest or the luckiest. Those enhanced with nanocytes have an advantage. It's now their world to dominate. Terry Henry Walton, a former Marine, survived the tragedy in exile, but now he's back. He refuses to let the powerful rule the masses. He takes it upon himself to drag humanity back to civilization. But he can't do it alone. Will he partner with a werewolf to do what's right?
