Features:

Bradford White is ISO registered to the 9001-standard.

- All residential storage models meet or exceed efficiency requirements of the Department of Energy, ASHRAE Standard 90.1 b (current standard) and the National Appliance Energy Conservation Act of 1987 recent amendment effective January 20, 2004 which supercedes all state and local efficiency requirements.

- **Non-CFC foam insulation**—covers the side and top of tank, saving energy by retarding loss of heat.

- **Flue baffle**—designed to maximize the amount of heat absorbed in the lower portion of tank. Minimizes air movement in the heater during standby periods to retard heat loss up the flue.

- **Fully automatic controls**—automatic temperature selection at your fingertips. Built-in energy cut-off switch prevents abnormally high water temperature for extra safety. Built-in gas pressure regulation. Convertible control for use with LP or Natural Gas.

- **Vitraglas® lining**—Bradford White water heater tanks are protected from the corrosive effects of hot water by an exclusive ceramic porcelain-like coating. The Bradford White high silica Vitraglas® lining provides a tough interior surface for our hot water tanks.

- **Protective magnesium anode rod**—provides added protection against corrosion for long trouble-free service.

- **Roof jack package for installation flexibility**—(Shipped with heater in separate box) Must specify size when ordering. Available in 12", 18"/22", 32"/60" or 48"/95" (305mm, 457mm/813mm, 813mm/1524mm, 1219mm/2413mm) lengths.

- **Factory installed dielectric waterway fittings**—for longer water heater life. Easier installation.

- **T&P relief valve opening**—all sizes have special tapping on side of tank for ease of installing relief valves.

- **Brass drain valve.**

- **Exclusive “Slider” combustion chamber door.**

- **Six or ten year limited warranty on steel tank**—heavy gauge steel automatically formed, rolled and welded to assure a continuous seam for glass lining.

- **Six year limited warranty on parts.**

- **Design certified by CSA International (formerly AGA/CGA)**

Optional Equipment:

- **Leg enclosure kit**—optional air supply modification—atmospheric models only. Includes adjustable air intake tube.
**Residential Energy Saver Gas-Upright**

FOR MANUFACTURED HOMES ATMOSPHERIC COMBUSTION  
Design evaluated in accordance with the H.U.D. Manufactured Home Construction and Safety Standard, Title 24 CFR, Part 3280.707 (d)(2) for energy efficiency. 
These water heaters meet or exceed the performance standards established under ASHRAE Standard 90.1b (current edition).

**Tank Warranties**

**6-Year Limited Warranty on Component Parts**

BRADFORD WHITE CORPORATION has a 6-year warranty on replaceable parts—thermostat, burner, dip tube, drain valve. These quality components are manufactured for us by industry leaders and will be replaced in the event of failure during the parts warranty period (exclusive of shipping and re-installation cost).§

**6 or 10-Year Limited Tank Warranties**

BRADFORD WHITE CORPORATION LIMITED WARRANTY: Protects your investment in a quality glass-lined heater. If the tank leaks for reasons of faulty materials, workmanship, or corrosion within the warranty period, the heater will be replaced with a comparable heater of our manufacture (exclusive of shipping and re-installation cost).§

---

§ Some states do not allow limitations on warranties. For product installed in the USA, Canada and Puerto Rico, see complete copy of the warranty included with the heater.

---

**Adjustable air intake tube**

**Leg enclosure kit**

---

Not approved for installation where a direct vent/sealed combustion system is required.

---

**Dimensions and specifications subject to change without notice in accordance with our policy of continuous product improvement.**
