CHAOS

I do hope you enjoyed the Monster Maze. Here is the second one in the series, which I call CHAOS. This is a great way to get your brain to recognize familiar words, then using your memory arrange them in a particular order. Good Luck! Stay tuned for more free Brain Games. To get my free monthly brain exercise newsletter go to www.brainfoodfactory.com. Always free, no catches, just better brain health.

Below you will see a box with what seems like random letters jammed together, however on closer inspection you will see that words can be made. Your mission, if you chose to accept it, is to find all of the words (clue - one of the words is one single letter) and then match them up with another word to create a two word title. There are 50 two word titles in total.

This one is Famous Song Titles ... Good Luck!

So ... Just when you thought you had conquered CHAOS ... Here is one that is a bit more challenging for you. This time you will still find words, however, the titles could be one, two, three or more words in length (although no single letters in this one). There are 50 in total.

You are looking to find Classic Book Titles ... Good Luck!
