

The Blackbaud Giving Fund

The Blackbaud Giving Fund is a US nonprofit organization that powers philanthropy by connecting the generosity of donors to charities around the world. By partnering with technology platforms and managing donor-advised funds, The Blackbaud Giving Fund will securely and efficiently deliver donations to nonprofit organizations that will maximize the impact of the donor's charitable giving.

A Better Donor-Advised Fund

Distribution is our priority.

The Blackbaud Giving Fund will not hold funds longer than necessary to disburse funds to eligible designated charities.

Simple funding options.

A client can choose to fund their account for each payment distribution cycle or pre-fund to ensure a quick delivery.

All donations are distributed... big and small.

Funds are disbursed monthly to charities and all funds, regardless of the total donation amount, will be sent to the designated charities chosen by donors.

Donors' advisement is key.

If we are unable to disburse a donation to a charity, no worries! Donors will be asked for advisement so that their funds can be disbursed to their second charity choice as long as the charity adheres to the Blackbaud Giving Funds standards.

Confidence in our reliable vetting.

Nonprofits are verified through our Dependable Diligence vetting process, which meets US 501(c)(3) Equivalency Determination standards. The Blackbaud Giving Fund uses partners in strategic countries to maximize the number of vetted charities through in-country governmental standards. This process gives clients the confidence that gifts disbursed through The Blackbaud Giving Fund are delivered to over two million charitable organizations across 180 countries that have passed our Dependable Diligence vetting standards.

YourCause is a proud partner of the Blackbaud Giving Fund, helping to facilitate donations around the world!

Our Partnership

YourCause's corporate social responsibility and employee engagement technology specializes in employee giving, volunteering, and grant programs, meeting the needs of companies of all sizes, from Fortune 500 companies to small businesses, ultimately driving engagement and facilitating impact. Through our partnership, YourCause's Global Good Network™, comprised of the top socially responsible companies around the world and their employees, trusts the Blackbaud Giving Fund and YourCause to disburse their charitable donations. While the majority of funds processed through our platform are disbursed electronically, YourCause understands that not all nonprofits can receive electronic payments. In those instances, the YourCause team is happy to disburse paper checks in the US without penalty to the nonprofit, donor, or the donation.
