

POINTS OF  
THE SPEER

*These have been strange weeks in our nation. Personality disputes seem to have taken over sane discourse in the halls of government. It has become more important to stop a policy because of who is behind it than on its merits as being good or bad for our nation. Why would someone vehemently oppose what they have before voted aggressively to support? At the same time there has been an assault on our Vice President's wife because she is working part time for a Christian school. The problem stems from her signing an employment contract that states she believes marriage is to be between a man and a woman. Her name has been defiled because of what some see as a bigoted and hateful stand. The fact that her stand is in line with traditional Christianity and the Bible means that the assault on her is an assault on all who hold the same beliefs. In addition to that assault there has been a new threat leveled at the lives of the unborn. New York's new law expands abortion's possibility up to the birth of the child. The move is said to protect women's rights. That is of course unless that woman happens to be in her mother's womb. Again, this is an attack on the Christian faith and values.*

*All of these things and more point to our need to pray for our nation and support Bible believing individuals who are willing to run for public office. We must demand our representatives in public office do their job in representing one nation under God or we must replace them with some who will.*

*Like newborn babies, crave pure spiritual milk, so that by it you may grow up in your salvation, now that you have tasted that the Lord is good. - 1 PETER 2: 2-3*

There's no better way to hit the "reset" button on a student's life who has lost her/his focus on Jesus, had a rough year, or hasn't met Jesus personally yet, than a week away at youth camp. God is about to do something.

I've been to many youth camps. Generate is the best I've seen in over two decades. I've seen students make real decisions for Christ at Generate more than any other camp. I've seen the impact of deep discipleship merged with authentic worship. And, I've seen strong friendships forged. Generate offers everything with excellence. Its core intention is to make disciples of a generation.

Our youth group will come back from Generate passionate about Jesus, longing to grow in Christ, and with a heart for reaching their friends. We have to get there first. There will be an opportunity to partner financially in getting students there coming in the next few weeks. Would you begin praying for camp now? And, would you prayerfully consider financially helping these students get to camp?

**Music Ministry**

How are you preparing for each service? Are you spending time in prayer about how God will lead the service for His glory? What about taking time to sing some hymns during the week? Singing hymns during the week helps us get our minds focused on God just as prayer and reading the Bible. It is another way we worship God and a unique way He hears our hearts. When we sing, we're giving God our thanks for what He's done and worshipping His holy, powerful name. God gave us the breath of life in Genesis 2:7 and we are created in His image. We will find many things in our lives that will distract us from worship. When we feel those distractions coming, call out to Jesus, that He may guide you from them back to His loving arms. We can all start out with something as small as one minute per day in prayer and singing. Soon we'll realize one minute is not enough and want to do more! No matter how you sound when you sing, God hears our hearts.
