WBF MISSIONARY

BARRETOS, SÃO PAULO BRAZIL

DECEMBER PRAYER LETTER 2022

"AND IF THOU DRAW OUT THY SOUL TO THE HUNGRY AND SATISFY THE AFFLICTED SOUL, THEN SHALL THY LIGHT RISE IN OBSCURITY AND THY DARKNESS BE AS THE NOONDAY. "

ISAIAH 58.10

DEAR Pastors and Friends

I am sending a report of my ministry this year of 2022. So much has happened and so many blessings it will be hard to mention them all in one letter. I will tell you of the best one so far.

In the city of Barretos is the location of the Cancer Hospital well known in Brazil. It treats over three thousand patients a day with patients all over Brazil and South America. It treats all patients from all walks of life with love and respect and without charge. Yes, free! As you can imagine there is a great number of patients seeking treatment. For this reason, we got involved in this ministry as pastors would ask for help to send their members for treatments.

We have three apartments to lodge and provide for their needs. We also have the privilege to help with their spiritual needs. It has been a blessing to be a part of their lives.

Just recently, four months ago, our dear Lais came to us through a past patients' recommendation to stay in our facilities. She was not a Christian, but we were able to minister to her by offering daily meditation. Then the Lord saved her soul and we saw a new creature in Christ before our eyes. Lais had a terrible cancer and had to amputate her left arm and shoulder blade. God gave her the strength and she got better but they discovered a tumor in her spine and another surgery was required. This time was more difficult for her, and the doctors called the family to come, the whole church went to the Lord and asked for His will to be done. A month ago, she slipped into eternity to meet her Savior. I just can see her now with a new whole body and in the arms of the Lord. What a testimony she gave of her faith and acceptance of her situation. Truly she will not be forgotten by our church. GREAT IS LORD and greatly to be praised.

Now we have Marlucy in our downstairs apartment, she has cancer in her leg no surgery just chemo treatments. She will come every 3 months for a week to have chemo. We have many stories of those who have come and are in remission, so precious to the Lord. Please add to your prayer lists, the Central Baptist Church under the leadership of Pastor Luciano Martins this list.
