

Elisabeth Perdue

missionary to the Dominican Republic

2023 is already flying by, and we've been privileged to see God move at the Mercy Workshop! Also, it's getting real hot over here.
(insert sweaty face!)

Some of y'all may remember hearing about the Paloma Project. This is the residential program that we were praying about starting for women in immediate need of housing because of severe vulnerabilities.

We officially opened the doors to our first woman almost a month ago! She has special needs and was in great risk of being trafficked by family, who were already abusing her. It has been a sweet time of pouring into her, while also being encouraged by her gentleness and innocence.

Something new for me.. our church has started the spring season of basketball for kids aged 10-13 years old. I'm the coach of one of four teams, and am having a blast! Beyond drills, and skill training, God's Word and the Gospel are presented every week. It's going to be a great season!

I got the chance to volunteer at Night to Shine, which is a prom for kids with special needs. They even got to walk down a red carpet. It was awesome!

Our church celebrated Independence Day in true Dominican fashion...baseball!

Drawing with the sweet woman at Paloma.

First day of Basketball!
