

Our family would like to say "Thank you" to all of you who have prayed for us and reached out to us during these last two months.

Veronica's beloved grandmother passed away in mid-March. Veronica was grateful she was by her side when she went home to heaven. We will miss Abuela very much but we are comforted by the hope of heaven.

The boys continue to grow... seriously!! They are getting so tall. JT and Jorge are taller than Veronica by a few inches. They not only have grown physically but also spiritually. All three of them serve in some capacity in the ministry. JT loves taking pictures for the school and helps runs the sound booth at church.

Jonathan serves on the worship team and is translating in children's church. Jorge helps in children's church. We are proud of them.

ISSUE 27 | APRIL 2023

Ministry Update

School Ministry:

We can't believe the school year is almost done. What an incredible year both spiritually and academically! God has blessed us in many ways and we have had 10 students get saved this school year. We have asked you to pray specifically for our senior class and we praise God that 2 senior girls have come to know the Lord. We only have a few more weeks left with this group. Would you continue to pray for them? We can see God working in their lives, convicting them of His love and their need for Him. Many are still not saved.

Veronica and I have the privilege to disciple several students each week. Two of them are new believers. Their names are Edward, Sayleh and Samuel. Would you pray for their spiritual growth?

Church Ministry:

The church plant is going great. We are averaging 80 plus every Sunday. There are many programs that serve the different age groups in the community. Children's church, Saturday night youth group, and weekly discipleship groups. We had 2 people get baptized this month. God is good. Keep praying!

Friday Night Youth Ministry

What an amazing group of kids. We love them very much. Our new Word of Life curriculum has been a blessing, and so have our many new Dominican volunteers. Such a huge answer to prayer. We are getting ready for Summer Youth Camp which will be July 9-14. We are praying for sponsors to help cover the cost of camp for needy campers. In order to win a scholarship students must earn 1500 points by doing daily quiet times, memorizing weekly verses, inviting friends, and sharing about Jesus. This is such an important ministry. We are having 60-80 kids every week. Thanks for praying.

Visits

We were so excited for Pastor Collins visit. He came to observe the ministries in preparation for our home church's mission trip in November. We also spent a day with Larry & T'Ann Nagle from Aurora Baptist Church in Texas. We got share many of the ministries with them. Thank you for visiting. Do you want to come and visit us? Let us know. We love hosting friends and family and sharing first hand what God is doing here.

Meet Sayleh

Meet Sayleh. She is one of our Seniors. She came to Las Palmas Christian School last year. She is in Veronica's Advanced Science Class.

Sayleh came to know the Lord this year during Homecoming Week. She meets with Veronica weekly to learn about the Bible, our faith and also to have fun. Doing life with Sayleh is such a blessing. She is kind, compassionate and is always willing to help. She is going to church at IBEM and is faithful to youth group. Please pray for her and her family. Pray for Sayleh.
