## URGENT PRAYER REQUEST FOR HAITI

Dear ministry partner,

I want to request your prayers for Haiti after a deadly earthquake with a preliminary magnitude of 4.9 struck a populated southwestern town of the island called Jérémie and other nearby towns yesterday Tuesday, June 6, 2023.

This happened as the country was trying to recover from devastating flash floods and mudslides that occurred this past weekend that killed 42 people. Four people are reported dead due to yesterday's earthquake. Natural disasters and man-made disasters such as kidnappings, mass shootings, banditry, and lawlessness keep hitting the country left, right, and center causing large population displacements and exodus.

It is heartbreaking, but by the grace of God our orphanage in Port-au-Prince and our churches' members and pastors in the Southern and the Western parts of the island are safe.

I know our Lord's purpose of salvation and good for the world in general, and especially my Haitian countrymen is unshakeable and cannot be aborted by evil. So, I heartily renew my request of prayer for God's mercy and grace and the furtherance of the gospel message against all odds, natural and man-made in Haiti.

In Christ alone!

Brother Jacques
