

# STARLING

## MINISTRIES

### San Jose, Costa Rica - Discipleship

Discipleship is part of the fabric of the local church that we work with in Ramos Arizpe. Heriberto, Mariana, Josue and Mike went to Costa Rica along with staff of Cornerstone Baptist Church of Fort Worth, Tx to teach a week long seminar on Discipleship and the effects of implementing into the local church. 34 Costa Rican pastors and staff along with 6 from Omar's church in Nicaragua were present for the week. It was really encouraging to see the pastors interested in helping their local churches grow deeper by discipling at the kitchen table one on one.

### Rancho La Paloma

2023 has started with a bang!!! The season of new beginnings has begun. With the first camp on Easter week, we made some great

improvements to RLP. A new refrigerator and freezer was in order. Thank you to those who gave toward that huge need at the camp. It truly will make a difference in the kitchen and overall with the quality and safety of the meals. God is good to provide through His people. We also were able to add a children's playground made out of wood. It is a great addition and will be a focal point for all the 6 and under kids at the camp. We have seen 25 surrender to full time Christian service, 9 saved and 76 rededications so far this year. We continue to expect great things from God.

#### Prayer Request:

Campers that came to Christ this year at camp  
Medical expenses  
Heriberto and Mariana and Josue (Pastor and family of El Vástago)  
El Vástago Church in Ramos Arizpe  
Discipleship plans  
Our family

### Mission Quest International Spring Break '23

Spring Break 2023 was a hit! It was a blessing to have Aurora Baptist Church on a MQI trip at Rancho La Paloma!! As we visited church plants, pastors, their families and congregations we were reminded once again of the need of the Gospel in Mexico. With over 130,000,000 people in Mexico, the gospel more than ever needs to be delivered with boldness but humbly. MQI intends to expose that need through intentional contact with Mexican national pastors and people. MQI deliberately brings you closer to the rest of the world so as to let you take a peek through the window to another world and its need. In turn, it forces us to look beyond ourselves. As we do this, our perspectives

on ourselves, missions and ministry change for the better. That is a good thing.
