**Dear Pastors and Friends:**

**I have been working with Antoro and Prihadi this past couple of years in their Missions in Central Java, Indonesia. Also, helping with the Bible Institute that David started in the early seventies.**

**Antoro shared with me that the Bible Institute is now the Purworejo Bible College. Last November 8<sup>th</sup> 2022 four students from Jakarta, Purworejo, and Bali graduated. They have also made an agreement between Jakarta and Purworejo to join together in their efforts. This was recommended by the government because Purworejo is the only independent Baptist Bible College who has been approved by the Religion and Education Ministries of Indonesia. They are the only ones who have a legal standing to run such a Bible College with a Bachelor's degree in Theology. This is so wonderful.**

**The College now has 32 students and we have helped them build an addition on to their building to house more students in the Dorm. They were in need of more space so they could house more students from other Islands. They have 16 students from Sumba Island. They are training them to return to their island to start new Missions upon their graduation.**

**David started this work in 1975 and the Lord's work continues. The Mission work also continues in Central Java. Many have come to know the Lord. The Churches in Purworejo, Kutarjo, Klatan, Surabaya, Sragen and others all continue until this day.**

**Please remember these in your prayers as they preach the Word of God to the lost souls of Indonesia.**

**Thank you all so much for your prayers for me and the many gifts.**
