2016

How To Use The Bible Reading Plan

Read the daily assigned readings throughout the month. Each set of readings are broken up into months and days to help you know if you are on schedule. Every Sunday is a make up day. If you don't need to use a make up day, keep reading!

How Long Should This Take?

It takes the average reader about 6 minutes to read through a chapter of the Bible. As designed, this plan covers about 4-5 chapters a day, which comes to about 25 minutes a day. If you don't have an open block of time, split the readings up with morning and evening times.

How to Maximize Your Reading

Pray

Pray before you read and ask God to teach you from his Word. As you read the Bible, pray about the truths you are learning and reading.

Journal

Pick a couple of thoughts from your reading that impact you as you see the truths of God's Word. Write these thoughts down in a journal as they impact you. This will help you see and remember God's Word as it changes you.

Stick to It and Get Accountability

Stick too it and keep reading. Some sections of Scripture are harder to understand than other sections, so don't get discouraged. Find a friend to read this plan with you. Talk about your reading it and keep each other accountable.

Pick a Verse to Memorize

As your read, some verses and passages will impact your life in special ways. Consider memorizing those verses so you can deeply meditate on God's truth.

Application Questions

One of the most neglected parts of reading the Bible is the application for your life. We don't want to stop at what the passage says, but how the passage effects you today. Below are some questions help to lead toward application for your life.

1. Who should I be?

What kind of person does God want me to be as I read this passage? How should I view life and the world in light of this passage? How should my character and choices change?

2. How should I think?

What should my thoughts be like based on this passage? What thoughts should fill my mind? What thoughts should I avoid?

3. What should I do?

Is there any action that should be taken based on this passage?

- Is there a sin to avoid?
- Is there a verse to memorize?
- Is there a promise I can claim?
- Is there a prayer I can repeat?
- Is there a command to obey?
- Is there a condition I need to meet?
- Is there a challenge to face?

4. Where should I go?

What place is this passage practiced? Is this for church, home, work, school, or other places?

5. Who should I teach?

Who in my life can I share this truth with and what God is teaching me?
