1) Why do you think some Christians struggle more with believing Jonah 1:17 than they do that Jesus healed the sick, or even the resurrection?

2) Why is it important that we believe the truthfulness of 1:17 & 2:10?

3) What is at the heart of Jonah's prayer? (Hint – it's not just physical death, see 2:4.)

4) How is Jonah helpless and undeserving of rescue? Read Ephesians 2:1-10. How are we in the same boat as Jonah? Should this impact how we relate to lost people?

5) In times of direct disobedience to God, why does it feel so hard to come to Him in prayer?
