Delaware Would Be Harmed by Withdrawing from NAFTA

By raising the costs of Delaware exports and imports, a U.S. withdrawal from NAFTA would make Delaware businesses and farmers less competitive, resulting in losses of jobs and production in the state and exports from the state to Canada and Mexico.

**Jobs Are Lost**

-5,540

Estimated number of Delaware jobs lost if NAFTA is terminated

**Exports Drop**

-15%

Estimated decline in Delaware exports to Canada and Mexico if NAFTA is terminated

**Output Declines**

-$480 million

Estimated decline in Delaware production if NAFTA is terminated

**Vulnerable Delaware Export Sectors**

Estimated declines in select exports to Canada and Mexico if NAFTA is terminated ($ Millions)
