Idaho Would be Harmed by Withdrawing from NAFTA

By raising the costs of Idaho exports and imports, a U.S. withdrawal from NAFTA would make Idaho businesses and farmers less competitive, resulting in losses of jobs and production in the state and exports from the state to Canada and Mexico.

Jobs Are Lost

-9,100

Estimated number of Idaho jobs lost if NAFTA is terminated

Exports Drop

-23%

Estimated decline in Idaho exports to Canada and Mexico if NAFTA is terminated

Output Declines

-$458 million

Estimated decline in Idaho production if NAFTA is terminated

Vulnerable Idaho Export Sectors

Estimated declines in select exports to Canada and Mexico if NAFTA is terminated ($ Millions)
