VALUING DIVERSITY and fostering inclusion is at the very core of who we are and how we operate at Walgreens Boots Alliance. We welcome individuals with unique identities and perspectives into our retail stores and wholesale operations and onto our teams. Everyone matters.

Our Diversity and Inclusion (D&I) Vision
To create a culture in which D&I is at the center of everything we do, powering greater collaboration and innovation and inspiring us to help people across the world lead happier, healthier lives.

Our Strategy
- Attract, develop and retain a diverse workforce including expanded representation of women and people of color in leadership by driving strategic talent acquisition and talent management practices.
- Drive an inclusive work environment that fosters collaboration and innovation and promotes employee engagement through inclusive leadership and Business Resource Group expansion.
- Deliver relevant D&I training and ensure integration in onboarding, training and development programs.
- Engage various external stakeholder groups, including diverse suppliers and other key partners that are integral to our business success and that support our values and interests.
- Drive leadership accountability for D&I objectives, ensuring that leaders demonstrate and communicate our corporate commitment.
- Adhere to our policies and procedures and to government regulations, and develop and deliver appropriate reporting.

The Lessons from Our Experience
Approaching differences with dignity and respect creates opportunities. In the United States, for example, our disability inclusion programs have enabled hundreds of people with disabilities to gain skills and confidence, support themselves, and build independent lives they may have thought were beyond their reach. Our experience has taught us that people with and without disabilities can work collaboratively and...
effectively, side by side, doing the same jobs for the same pay and delivering the same strong performance. Fostering an inclusive workplace and culture enables us to tap into a wider pool of talent, retain and engage valued team members, and deliver insightful solutions to customers and patients in a global marketplace.
