Mar. 23	Science #1	Mar. 25	Math #2
Mar. 30	Science #2	Apr. 1	Math #3
Apr. 6	Science #3	Apr. 8	Math #4
Apr. 13	Science #4	Apr. 15	Math #5
Saturday, April 17, National ACT Test Date			

More Practice

Who taught you how to take a test? The answer for most students is "no one." This class teaches students the art and science of test performance. **There is not homework in this class.** However, students will be given instructions on how to access more practice materials, so they can practice on their own and practice what they are learning.

Why take the National April ACT?

This test date is special: it allows you to buy back a copy of the test and the student's answers (called a Test Information Release - TIR). This is invaluable! It allows a student to learn from their mistakes. Test questions change each test date, but concepts do not.

The April TIR will arrive in the middle of May, giving a student plenty of time to use it in preparation for the June ACT - the most popular college admissions date nationally and internationally.

The TIR is only available for the December, April, and June ACT tests.

SAT Prep Online Video Class

Every student who registers for our ACT winter/spring classes will be given free access to our SAT prep online video class. The ACT is the more challenging of the two tests, so preparing for the ACT gets one ready for the SAT. All Illinois public school juniors will take a State SAT on April 13 at their high school. Use the online class to prepare.

MAKING UP MISSED CLASSES

There are two remote live classes. If an in-person class student misses their regularly scheduled class, they can join the appropriate remote live class session. If a remote student is going to miss their regularly scheduled session, they can make it up during the other remote live class. The remote live class sessions will also be recorded, so if a student misses a class and was unable to make it up live then they can watch the recording.
