There is no homework. All work is done in class. Students will be given access to over 40 ACT practice tests and a special ACT math training plan, so they can prepare on their own at their convenience.

Students are encouraged to bring drinks and snacks. There is a 10 minute break between subjects.

In-person or remote live students who are absent are welcome to join the corresponding remote live session.

If a student misses an in-person and/or remote live class, then a video recording of the class will be emailed to the student.
