Plain English terms:

In partnership with MegPrime, earn \$1,500/mo in MPP Tokens deposited into your MegPrime account while your home is built — up to \$15,000 total. Use your MPP Token rewards toward your down payment or however you choose. Using MPP Token rewards toward your down payment is contingent on lender's approval. Lock in a 3.99% (4.99% APR) fixed 30-year rate. See contract for details. Through MegPrime's partnership, your MPP Token rewards are made available directly to you — not as a builder's credit and not contingent upon the purchase of any additional products or services.
