The Savannah, a striking quad-style home, welcomes you through its entry into a spacious family room illuminated by large windows that fill the main living area in natural light. The main level features a primary suite, offering dual vanities, a walk-in closet, and a curbless shower for a touch of luxury. Two additional bedrooms with convenient bathroom access complete the first-floor layout, providing comfort and accessibility. The large kitchen with ample countertop space adds practicality to the home, while a fenced-in courtyard area extends the living space outdoors. For further options, add a fourth bedroom and bathroom upstairs along with the flexibility to incorporate a study space on the main level.
