The Jackson townhome is thoughtfully designed to seamlessly integrate the kitchen, dining, and family room, creating a cohesive living space for comfort and convenience. The covered patio, accessible from the family room and offering another optional entry point to the first-floor primary suite, enhances the connection between indoor and outdoor living. The primary suite is a private retreat, featuring a bathroom with dual vanities, water closet, curbless shower, and a walk-in closet with laundry room access. Upstairs, an inviting loft space accompanies an additional bedroom and bathroom, with options to add a third bedroom for further flexibility. Additionally, the Jackson provides the option to incorporate a sunroom on the first floor.
