FEATURES

This beautifully designed farmhouse-style home offers single-level living with a basement. The gourmet kitchen features alder mission shaker cinnamon-stained cabinets with multiple upgrades, including soft-close drawers and doors, sleek quartz slab countertops, and undermount sinks in both the kitchen and bathrooms. Stainless-steel Whirlpool appliances complete the space, including a 5-burner gas cooktop with chimney hood vent, built-in oven, built-in microwave with integrated trim, and stainless-steel tub dishwasher. A cozy dining area and open great room with a gas fireplace adds warmth and charm while flowing seamlessly onto the 10' x 17' covered deck. The main-level primary suite features a spacious walk-in closet and a spa-inspired bathroom with an oversized fully tiled shower. Two additional bedrooms and a full bath are located on the main level, while the lower level offers a 4th bedroom or recreation room and an additional full bath. Additional highlights include central A/C, a tankless water heater, full landscaping and rear yard fencing and a gate w/sprinkler system on a timer.
