

WHAT QUALIFIES AS AN EMERGENCY?

To submit a request for Emergency Service, please first call the appropriate contractor. It is important to call the contractor directly to receive the fastest possible response time. Emergency telephone numbers for these contractors can be found here and on the “Contact” page within your new home manual binder.

CONTACT THE APPROPRIATE EMERGENCY CONTACT IMMEDIATELY IF YOU EXPERIENCE:

WATER LEAK:

In the event of a significant plumbing leak, turn off the main water shut off valve to prevent further damage to your home while waiting for Emergency Services response.

NO HEAT:

Contact your HVAC provider.

GAS LEAK:

In the event you smell a gas leak, immediately evacuate and then call your utility provider.
