SHAW ORIGINS VITALITY

At Renovare Development, we believe that building a better future starts with building better communities. As a real estate development team, our mission is to create vibrant, inclusive, and resilient neighborhoods by prioritizing sustainability, affordability, and long-term community growth.

We are passionate about thoughtful development that balances economic viability with environmental responsibility. By integrating green building practices, energy-efficient technologies, and innovative design, we aim to reduce environmental impact while enhancing quality of life for residents.

Affordability is at the core of our vision. We work closely with public and private partners to develop housing solutions that are accessible to a diverse range of incomes—because everyone deserves a safe, comfortable, and dignified place to call home.

More than just developers, we are community builders. Our projects are rooted in deep engagement with local stakeholders to ensure that the spaces we create reflect the needs, culture, and values of the people who live there. Through collaboration, transparency, and a commitment to equity, we're building more than homes—we're building foundations for thriving communities.

EXCELLENCE IS A FAMILY TRADITION

In 1945, brothers Paul C. Robertson, Sr. and Covert Robertson, Jr., established Robertson Brothers with the intent of building homes in Berkley and Royal Oak for returning World War II veterans. After this, they moved on to Bloomfield/Troy to develop Pine Hill, their first investment in the Adams Road Corridor-tradition that continues today.

One major milestone was the hiring of Paul C. Robertson, Jr. in 1972 and the subsequent development of Adams Wood– the first master-planned condominium development that emphasized “lifestyle” living with such amenities as a clubhouse, pool and tennis courts. Many larger communities designed around this lifestyle concept– which evolved to include stunning golf course communities– have been developed, including Bingham Woods, The Homes at TPC, The Links of Northville Hills, The Heathers, The Links of Pheasant Run and Links West of Pheasant Run.

Under the command of Paul C. Robertson, Jr., Robertson Brothers Homes has continued to give customers “what they want” by offering an array of gracious home choices (single-family homes, detached condominiums, attached condominiums, stacked condominiums and mid-rise condominiums) in many of the area’s premier locations. To date, the company has been involved in building and developing over 40 communities.

- **WINNER– J.D. POWER AWARD FOR QUALITY**
- **ROBERTSON BROTHERS IS ONE OF THE MOST RESPECTED BUILDERS IN SOUTHEAST MICHIGAN SINCE 1945**
- **OVER 95% OF PAST HOMEOWNERS WOULD RECOMMEND A ROBERTSON HOME TO FAMILY OR FRIENDS**
- **EACH HOME HAS OVER 1,000 POINTS OF INSPECTION**
