## 3 Pillar Homes Named Inaugural Heart & Hammer Award Winner at BIA Big Night

*Columbus builder recognized for Home for the Holidays and first-ever raffle home in Central Ohio*

**COLUMBUS, Ohio** — 3 Pillar Homes was named the inaugural recipient of the Heart & Hammer Award at the Building Industry Association of Central Ohio (BIA) Big Night, recognizing the company's commitment to both craftsmanship and community impact.

The award, introduced this year, honors a builder who exemplifies excellence not only in the homes they create but also in the lives they impact. 3 Pillar Homes was selected for its work on *Home for the Holidays*—a project that also marked the first-ever raffle home brought to the Columbus market.

The home, built in the Evans Farm community in Lewis Center—known as the “Neighborhood of a Lifetime”—was part of a model that began in Cleveland in 2020. Through the *Home for the Holidays* raffle initiative, the project supported Make-A-Wish Ohio, Kentucky and Indiana, helping grant life-changing wishes for children facing critical illnesses, while also benefiting the PACT program and workforce development efforts.

*“This recognition is incredibly meaningful because it represents something bigger than a single home. Home for the Holidays showed what’s possible when a community comes together with a shared purpose, to build something that truly impacts lives.”*

— Zenios Michael Zenios, Owner, 3 Pillar Homes

The raffle home introduced a new way for the Columbus community to participate in giving back, turning a single build into a broader, shared effort.

*“This was more than just building a home—it was about impact, community and creating something meaningful together.”*

— Rachael Durant, Vice President of Sales, Marketing and Design, 3 Pillar Homes

As the first recipient of the Heart & Hammer Award, 3 Pillar Homes continues to demonstrate that homebuilding can play a meaningful role beyond construction, supporting both families in need and the future of the industry.
