

the RIVIERA

Elevation A - Street Side

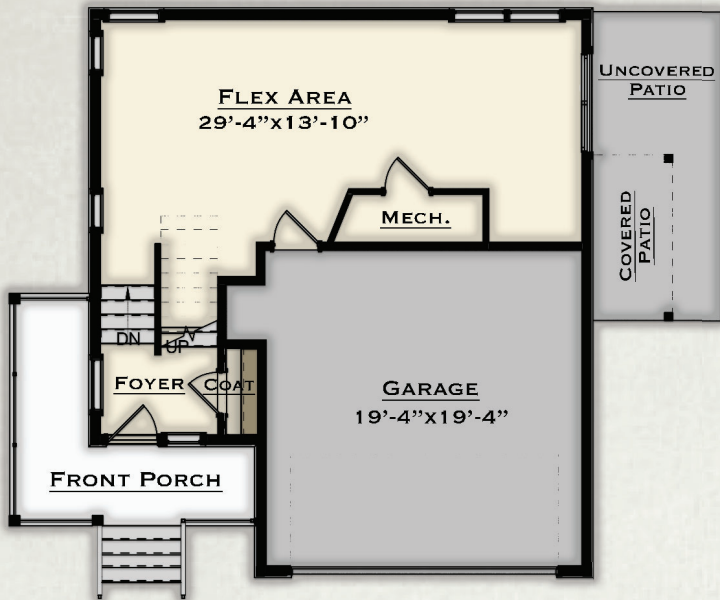

•••

*Our homeowners **LOVE** this plan because...*

- the main level features a large flex space that can be used in a variety of ways; it would be ideal for a playroom or media room, and it could even be used as an office.
- the great room is mostly separated from the kitchen and is ideal for those who do not prefer an open floor plan.
- all three bedrooms, as well as a laundry room, are located on the third floor.
