A Supplemental Declaration may contain such complementary additions and modifications of the restrictions and covenants applicable to the additional property as may be necessary to reflect the different character, if any, of the Supplemental Property (as determined by the Developer in its sole and absolute discretion) provided that any such additional and modifications shall not materially and adversely impact the rights or obligations of Owners hereunder. Such Supplemental Declaration may also provide for the use and enjoyment of the Common Areas by the Owners of Dwelling Units contained within the Supplemental Property. ARTICLE 3 GENERAL PURPOSES AND CONDITIONS

3.1 General Purpose. The Subjected Property is subject to this Declaration and its Covenants to promote the best use and the most appropriate development and improvement thereof; to protect the Owners against improper use of the Property as will depreciate the value thereof; to preserve, so far as practicable, the natural beauty of the Property; to provide for entrances to the Property; to guard against erection of poorly designed or proportioned structures, and structures built of improper or unsuitable materials; to guard against an excess of similar

architectural styles and thereby avoid housing monotony, to obtain harmonious color schemes; to insure the highest and best development of the Property; to encourage and secure the erection of attractive Dwelling Unit(s) with appropriate locations on Lots; to prevent haphazard and inharmonious improvement of the Lots; to secure and maintain proper setbacks from street and adequate free space between structures; to encourage, secure and maintain attractive and harmonious landscaping of Lots and Common Areas; and in general to provide adequately for high-quality improvements in the Property intended to enhance the value of investments made by purchasers of Dwelling Units.

3.2 Land Use and Building Type. The development and ownership of each Dwelling Unit shall in all instances comply with the applicable governing PUD Ordinance on file with the Village Community Development Department and as provided for reference purposes only in Exhibits E, F and G (all as may be amended from time to time). Notwithstanding anything contained herein to the contrary, Developer and any subsequent purchaser of a Dwelling Unit, Condominium Building or Duplex Building may use the same for purposes of building model homes open to the public for inspection and/or sale subject to the requirements set forth herein, subject to applicable Village conditional use permits requirements.

3.3 Architectural Control. Subject to the terms of a Special Amendment recorded under Section 8.2 hereof, no alteration, addition or improvement (including, but not limited to, construction of a home, exterior addition, fence, wall, swimming pool, driveway, deck, sidewalk, yard lamp post, landscaping, antennae, deck patio, sidewalk, or other structure or improvement of any type) shall be commenced, erected or maintained upon any Lot, until the plans, specifications and plot plan showing the nature, kind, shape, height, materials, color and location of the same and the landscape layout shall have been submitted to and approved, in writing, as to quality, materials, harmony of exterior design and location in relation to other structures, topography and compliance with the provisions of this Declaration, by the Architectural Control Committee. Notwithstanding anything to the contrary, as long as Developer owns one or more Lots or Dwelling Units, Developer reserves the right to carry out the functions of the ACC. No Owner shall request or obtain a building permit for a Lot from the Village without first obtaining the written approval of the proposed plans and specifications therefor from the ACC, which shall be submitted to and in accordance with the requirements of the ACC as it may set forth from time to time. In the event the ACC fails to approve or disapprove within thirty (30) days after the plans and specifications have been submitted to it, or in the event of disapproval, if no suit to enjoin the addition, alteration or change or to require the removal thereof has been commenced before one year after commencement of such construction (as measured by the first date of installation of such improvements), then approval from the ACC will not be required. The ACC shall have the right to waive minor infractions or deviations from the Covenants in cases of hardship or as otherwise determined by the ACC insofar as they do not conflict with the applicable PUD Ordinance. The ACC shall have the sole discretion to determine which of the dwelling size requirements of this Declaration applies to a particular proposed dwelling and whether the same has been met. The provisions of this Declaration are minimum requirements and Developer, or ACC, may in its discretion require stricter standards, or conversely, may relax standards, on a case by case basis if it reasonably determines that such modified standards are required for the benefit of the entire Property, provided such variance is not in conflict with the dedications and restrictive covenants running with the land as described on the Final Plats or the obligations imposed by this Declaration on Owners or the requirements of the Village ordinances. Further the ACC may require reasonable alterations to be made to any of the plans submitted under this Declaration and said recommendations shall be binding upon the submitting Owner. No previously constructed dwelling or structures shall be relocated to or situated upon any Lot without the prior written approval of the ACC, which may be withheld in its sole and absolute discretion. .

However, the ACC, in its sole discretion, reserves the right to make any deviation from the above requirements, subject to compliance with then existing ordinances and regulations of the Village.

3.4 Grading, Building, Location and Lot Area.

- (a) Any grading of a Lot must conform to the last approved Master Grading and Drainage Plans for the Property (“Grading Plans”) on file with the Village Community Development Department and Village Engineering Department (as may be amended by Developer from time to time, subject to Village approval).
- (b) Within each set of building construction plans submitted to the ACC for approval, shall be a plat of survey showing the placement of the proposed dwelling with the existing ground grade shown at all corners together with all easements as shown on the Final Plats. The ACC reserves the right to make modifications as to the final first floor grade of the building with the Village Engineer’s approval. The landscaping and drainage of the Lot shall conform to Grading Plans.
- (c) Each Owner shall be responsible for ensuring that drainage from their Lot adheres to the existing drainage patterns as set forth in the Grading Plans and that the Owner’s construction and other building activity does not interfere with or disrupt the existing or planned drainage patterns. The existing drainage pattern on a Lot shall not be changed significantly, and no change to the drainage pattern on other lands within the Property shall be caused by an Owner which varies from the Grading Plan. Minor changes from said Grading Plan, where these changes do not violate the purpose, spirit and intent of said Grading Plan, shall be reviewed and may, if for good and sufficient reasons, be approved by the ACC and the Village; in all other cases the approved grades shall be strictly adhered to. Owners shall be held responsible for any violation that causes additional expense to Developer or any other Owner to correct any grading problems.
- (d) Upon the approval of building grades by the ACC, the applicant shall file the approved grading plans along with the single-family permit application to the Village Building Inspector Department for its review and approval prior to commencing any grading on the Lot.
- (e) Any excess fill from excavations performed by an Owner shall be hauled from the Lot, at Owner’s cost, to a location within the Property specified by Developer, and approved by the Village, and shall not be removed from the Property without the permission of the ACC or in violation of Village ordinances.

3.5 Completion. All construction of dwellings and other incidental structures shall be completed within one year from date of building permit issuance for the commencement of construction. Pavement of driveways, construction of walkways, landscaping (except topsoil & grass) shall be completed within one year from issuance of an occupancy permit from the Village.

3.6 Utility and Entry Monument Easements/Dedications/Obligations.

- (a) Certain easements affecting the Property are recorded on the Final Plat(s). The minimum front or street setback, side yard rear yard, wetland yard and on other such areas (“Setback Areas”) are and shall be reserved for the use of non-exclusive easements for utilities serving, in whole or in part, the Property or any

Lot or Outlot located therein. By accepting title to a Dwelling Unit, and if not delineated on a Final Plat, each Owner hereby agrees that such Setback Areas may be subjected to easements for utility lines for electricity, sewer, water, gas, telephone, cable television, or other similar utilities, as well as for sewers, storm drains, water pipes and mains, and similar services, for performing any public or quasi-public utility function or for any other purpose that Developer or its successors and assigns may deem fit and proper for the improvement and benefit of the Project and for any other purpose as set forth in dedications and restrictive covenants on the Final Plat(s). Within fifteen (15) days of written request therefor by Developer, or, after creation of the Association as provided herein, each Owner, if necessary and if not previously obtained, shall grant specific easements (and cause their lenders to agree to non-disturbance of such easements) upon such terms as may be reasonably requested. The Owner of any Dwelling Unit on which such easement area(s) are located may use such areas, together with the area between the roadway and its lot ("Street Setback Area"), for grass, plantings, driveways and other such uses as are described on the Final Plats. No structures or other improvements may be constructed in the Setback Areas except landscaping in accordance with approved landscaping plans or as otherwise specifically permitted by the Developer, Village and ACC and subject to any additional restrictions as set forth in the Final Plat(s). Each Owner also hereby agrees that all Lots and Dwelling Units are also subject to the subdivision easements and restrictive covenants contained on the Final Plat(s) and in any separately and simultaneously recorded document associated with the Final Plat(s).

- (b) Entry monuments, including related landscaping elements and lighting, all of which shall be collectively referred to as "Entry Monuments" may be located on Lots 69, 84, and/or 102, on Outlot 8 near the intersection of Cooper Road and 92rd Street, and Highland Place and 49th Court coextensive with the areas shown on the Final Plat(s) as "Dedicated Monument Sign, Access and Maintenance Easement Area" located within such Lots/Outlots have been dedicated, given, granted and conveyed by Developer to the Association for the purposes of placing, constructing, installing, repairing, replacing and maintaining Entry Monuments all in accordance with the Village approved plans and for related ingress and egress. Developer, its successors, assigns and successors-in-title thereof shall be relieved of any maintenance obligations with respect to such areas only to the extent that the Association performs the required maintenance functions to the satisfaction of the Village. The Village shall have no maintenance obligations with respect to the above-mentioned areas. The Entry Monuments and their related landscaping and lighting elements shall be owned and maintained by the Association.
- (c) Landscaping. Developer has constructed a berm of varying heights across the northerly twenty-five (25) feet of Lots 69, 93, 94 and 95 and in the area designated on the Final Plat(s) as a "Dedicated 25' Landscape, Access and Maintenance Easement Area". Upon completion of the installation of trees, shrubs and other landscaping materials, no vehicular access through or over the Dedicated 25 Foot Landscape, Access and Maintenance Easement Area shall be permitted except as permitted by the Village for roadway, street, driveway or other such uses as agreed upon by the Village and Developer. After the trees, shrubs and other landscaping materials have been planted and installed in such areas, the Association shall be responsible for the maintenance thereof (which maintenance shall include without limitation watering, mowing grass, weeding, removing trash and debris, trimming trees and shrubs and replacing dead or dying plant materials) within the Dedicated 25 Foot Landscape, Access and Maintenance Easement Area and such other areas between the dedicated roadways and the Lots. Developer, its successors, assigns and successors-in-title and the Owners of Dwelling Units thereof shall be relieved of any maintenance obligations to the extent that the Association performs the required maintenance functions to the satisfaction of the Village. If the Association does not perform such maintenance obligations, the Owners of Dwelling Units thereof shall be responsible for performing the maintenance obligations. The Village shall have the right but not the obligation to perform maintenance obligations with respect to the street trees. The Association and its Members shall be bound by the above-mentioned covenants and the easements, dedications and restrictive covenants as are contained in the Final Plats. In the event the landscaping is not maintained properly, in the opinion of the ACC, upon notification, the Owner of the Dwelling Unit shall take adequate measures to properly maintain the landscaping. Refusal to comply with the maintenance requirements shall be considered a violation of this Section of this Declaration and shall be subject to the terms of Section 7.2 hereof. Any alterations to the approved landscape plan for a Dwelling Unit shall be subject to the approval

of the ACC. No trees, landscaping, or other plantings existing on a Dwelling Unit shall be altered or removed without prior written approval of the ACC.

(ii) The Owners of Dwelling Units may install and maintain additional landscaping on the sides of the berm created within the Dedicated 25 Foot Landscape, Access and Maintenance Easement Area on their Dwelling Unit provided that the Owner shall be solely responsible for maintaining landscaping not originally placed by Developer or the Association. Prior to any additional landscaping on such berms, an Owner must have the landscape plan approved by the ACC and the Village.

- (d) Dedications, Easements and Covenants for Stormwater Retention Areas and Adjacent Areas. The fee interest in the areas shown on the Final Plats as Outlots 1, 3, 4, 7 and 8 will be dedicated, given, granted and conveyed by the Developer to the Association. Notwithstanding such easements and dedications, the Village shall have no obligations to exercise its rights with respect to the above mentioned Outlots. After the initial construction and installation by the Developer, the Association shall be responsible for all necessary repairs, alterations, landscaping and all required maintenance to these Outlots. In the event the Association fails to meet its obligations, the Members shall be responsible for such necessary repairs, alterations, landscaping and all required maintenance to these Outlots. All Dedicated Stormwater Drainage, Retention Basin, Access and Maintenance Easement areas (as set forth on the Final Plats) shall be preserved, protected and maintained as stormwater retention basins. No filling or other activity or condition detrimental to their function as a stormwater retention basin shall occur or exist within such areas or on the surrounding lands without the written approval of Developer and Village. From time to time, in the Village's discretion, the Village shall have the right to inspect such areas. The obligations contained within this section and as imposed by the Final Plats shall run with the land, shall be binding upon Developer, its successors, assigns and successors-in-title, in their capacity as Owners and shall benefit and be enforceable by the Village, Developer and the Association. Developer, its successors, assigns and successors-in-title thereof shall be relieved of any preservation, protection or maintenance obligations they may have as Owners only to the extent that the Association performs the required preservation, protection and maintenance functions to the satisfaction of the Village. The Association and its Members shall be bound by the above-mentioned covenants and such similar covenants as are contained in Final Plats.
- (e) Restricted Wetland Conservancy Areas. The areas designated as Restricted Wetland Preservation and Protection, Access and Maintenance Easement on the residential portion of the Final Plats shall be protected and maintained in their existing wetland state and no filling, dredging or other activity or condition shall occur within such areas or on the surrounding land adjacent to such areas which is detrimental to such Dedicated Wetland Preservation and Protection Access and Maintenance Easement (as set forth on the Final Plats) without the written approval of the Village and other governmental bodies having jurisdiction over

such areas. Such areas are subject to an easement which has been dedicated to the Village for wetland conservancy and maintenance purposes and related ingress and egress; however, the Village shall have no obligation to exercise its rights with respect to such areas. The obligations contained within this section and as imposed by the Final Plats shall run with the land, shall be binding upon Developer, its successors, assigns and successors-in-title, in their capacity as Owners of any Dwelling Unit or portion thereof and shall benefit and be enforceable by the Village and the Association. Developer, its successors, assigns and successors-in-title thereof shall be relieved of any protection or maintenance obligations they may have as Owners only to the extent that the Association performs the required protection and maintenance functions to the satisfaction of the Village. The Association, its Members and Owners shall be bound by the above-mentioned covenants and such similar covenants as are contained in the Final Plats.

- (f) Public Park. Outlot 6 shall be dedicated to the Village as a public park space. Once dedicated and conveyed to the Village, the Village shall have no obligations under this Declaration as it relates to Outlot 6.

3.7 Applicable Laws. In addition to the provisions contained within this Declaration, all Dwelling Units and improvements thereon shall be subject to Village ordinances and applicable county, state and federal laws, as may be amended from time to time (hereinafter collectively referred to as "Laws"). No Dwelling Unit or Lot shall be further divided or combined without the approval of the Village or Developer. The requirements under the Village ordinances regarding zoning and land divisions are not stated herein and therefore, it shall be the sole responsibility of every Owner to understand and ensure compliance with the Village ordinances as the same may be amended from time to time. In the event of a conflict between the provisions of this Declaration and any Village ordinance, and the Village ordinance is stricter than the provisions contained herein, the Village ordinance shall control. Failure to mention a requirement, with respect to any Dwelling Unit or Lot or other necessary approval in this Declaration shall not imply that no such requirement exists with the Village, and shall not constitute a waiver of such Village requirement and/or approval.

3.8 Nuisances. No noxious or offensive activity shall be carried on upon any Dwelling Unit nor shall anything be done thereon which may be or may become a nuisance to the neighborhood. Trash, garbage and other wastes shall be kept in sanitary containers and all such materials and other equipment for disposal of same shall be properly screened from public view. Outside incinerators are not permitted. No tent, shack, shed, garage, barn or other outbuilding or living quarters of a temporary or permanent character shall be permitted on any Dwelling Unit at any time (except as specifically authorized under the applicable PUD Ordinance and this Declaration). No commercial vehicles, box trucks, bucket trucks, flatbed trailers, buses or vehicles other than private passenger cars, station wagons or similar private vehicles shall be parked in private driveways or on any Dwelling Unit for purposes other than in the normal course of construction or for services rendered to a dwelling or Dwelling Unit. For purposes hereof, a commercial vehicle is a vehicle with commercial lettering on it. Subject to applicable federal, state and local statutes and regulations, no external antennas, including satellite dishes, excepting satellite dishes of not greater than twenty-four inches (24") in diameter, television antenna or radio towers of any type or for any

purpose, shall be permitted on any Dwelling Unit at any time without the prior written approval of the ACC. Owners of Lots upon which Dwelling Units have not been constructed shall maintain and neatly mow such Lot(s) and ensure that the Lot(s) are kept at all times in a presentable state, so as not to be viewed as an eye-sore as determined by the ACC.

3.9 Animals. No animals, livestock or poultry (including but not limited to chickens) of any kind shall be raised, bred or kept on any Dwelling Unit, except that dogs, cats or other small household pets (such as canaries or parakeets) may be kept in a manner which will not disturb the high type and quality of life and the environment of the Property provided that no animals shall be kept, bred or maintained for any commercial purposes. Dog runs, outside dog houses or other such outside animal shelters are prohibited.

3.10 Lamps. At such time as a dwelling is constructed on a Dwelling Unit, the Owner of such Dwelling Unit shall purchase from Developer and install one outdoor electric lamp post, with photo eye wired direct to the Owner's electrical panel. The lamp post shall be installed within the boundaries of the Dwelling Unit near the intersection of the front Dwelling Unit line and the proposed (or completed) driveway, as approved by the ACC.

3.11 Garages. Each Dwelling Unit shall have a private enclosed garage (attached to the dwelling) for on-site storage of not less than two (2) automobiles for each one family dwelling built upon such Dwelling Unit in accordance with the applicable PUD Ordinance and shall be connected to the street by a properly surfaced asphalt, concrete or brick driveway (such driveway shall be installed and completed within one year from the date of issuance of any occupancy permit).

3.12 Roofing Material and Construction. All Dwelling Units proposed to be erected, altered or modified shall specify on the construction plans dwelling materials acceptable in quality to the ACC in accordance with the applicable PUD Ordinance, and the construction shall be carried out with such roofing material as approved by the ACC.

3.13 Exterior Building Materials and Dwelling Quality.

- (a) All Dwelling Units proposed to be erected, altered or modified shall, on the construction plans submitted to the ACC, denote material(s) proposed to be used, i.e. brick, stone, wood, vinyl or insulated aluminum siding or other similar materials acceptable to the ACC and in accordance with the applicable PUD Ordinance, and the construction shall be carried out with the material(s) as approved by the ACC.
- (b) The design, layout and exterior appearance of each Dwelling Unit proposed to be erected, altered or modified shall be such that, in the opinion of the ACC at the time of approving of the building plans, the Dwelling Units will be of a high quality and will have no substantial adverse effect upon property values.
- (c) The proposed color schemes for a dwelling to be erected, altered, modified or repainted with a new color scheme shall be submitted to the ACC for approval prior to painting or staining. It shall be the aim of the ACC to harmonize colors for not only the dwelling proposed, but to consider the effect of these colors and materials as they relate to other dwellings.

3.14 Ownership and Maintenance of Outlots 2 & 5. In addition to the Lots described on the Final Plat that Developer has not sold and conveyed to third parties, Developer is also the Owner of Outlots 2 & 5 as shown on the Final Plat and shall be responsible for the maintenance thereof until such time as the Outlots have been platted and improved pursuant to additional final plats for the Property and future Supplemental Declarations., These Outlots, at the sole discretion of Developer, may further be subdivided into additional Lots.

3.15 Construction Commencement Timeline for Dwelling Units. Purchasers of vacant Lots, Duplex Lots or Condominium Lots from the Developer must commence construction of the residential unit to be constructed thereon no later than one (1) year from the date of purchase of such Lots, Duplex Lot or Condominium Lot from Developer, unless otherwise approved by Developer in its sole and absolute discretion.

ARTICLE 4 ASSOCIATION; MEMBERSHIP AND VOTING RIGHTS

4.1 Association. The Association is created for the purpose of carrying out the functions assigned to it set forth herein, and shall be bound by the terms of this Declaration.

4.2 Membership. Each Owner of a Single-Family Lot, Duplex Parcel and each Condominium Association shall be a Member of the Association. Membership for a Single-Family Lot and Duplex Parcel shall be appurtenant to and may not be separated from ownership of such Lot, and membership of a Condominium Association shall not be conveyed, assigned or transferred to any other party. Each Condominium Association that is a Member of the Association shall operate as the collective representative of each Owner of a Condominium Unit within the Condominium. Every Member of the Association shall have one vote in the Association for each Dwelling Unit owned by the Member; provided, however, the Condominium Association shall have a vote for each then existing Condominium Unit (being a maximum of (i) forty-six (46) votes with respect to the Condominium Association for Condominium Area North, and (ii) thirty-four (34) votes with respect to the Condominium Association for Condominium Area South). When more than one person or entity holds an interest in a Single-Family Lot or Duplex Parcel, the vote shall be exercised as they themselves shall determine. Prior to the Turnover Date (defined below), the authority and functions of the Board and the Architectural Control Committee shall remain in and be exercised solely by Developer or its successors and assigns. The right and power to exercise the authority and functions of the Board and the ACC shall terminate on the first to occur of (i) at such time as Developer, or its assignee (if any), no longer owns one or more Dwelling Units or Lots within the Property, (ii) the giving of written notice by Developer to the Association of Developer's election to terminate such rights, or (iii) fifteen (15) years from the date of sale of the first Dwelling Unit or Lot sold by Developer (the "Turnover Date"). On the Turnover Date, Developer shall appoint three (3) individual Owners to serve on the Board of the Association until the next annual meeting of Members or until their successors have been duly elected. Thereafter, the Board shall consist of three (3) members who shall be elected by the Members at each annual meeting of Members. Members of such elected Board shall serve for one year or until their successors have been duly elected. The members of the Board shall not be entitled to any

compensation for their services as such members. Any Member who is delinquent in the payment of charges, assessments and special assessments charged to or levied against its Dwelling Unit shall not be entitled to vote until all of such charges and assessments have been paid. Members shall vote in person or by proxy executed in writing by the Member. No proxy shall be valid after six (6) months from the date of its execution.

ARTICLE 5
PROPERTY RIGHTS IN THE COMMON AREAS

5.1 Initial Construction of Common Areas. Notwithstanding anything contained herein to the contrary, Developer shall be responsible for the initial construction, installation and landscaping of Common Areas on the Property in accordance with the development agreement(s) that Developer enters into with the Village ("Development Agreement"), which shall include the stormwater retention areas, entry monuments and their related landscaping and lighting elements, planting and landscape areas, landscaping within the cul-du-sac islands and boulevard medians, and street trees. After initial construction, installation and landscaping of the foregoing is completed by Developer in accordance with the Development Agreement, Developer may, and nothing contained herein shall constitute a waiver by Developer to, subsequently assess the costs of all, or portion thereof, of additional construction, installation and landscaping to the Association pursuant to a separate agreement; provided, that, no such assessment shall be adopted without the affirmative vote of Members representing at least two-thirds (2/3) of the votes cast on the question by members other than the Developer.

5.2 Owner's Easement of Enjoyment. Subject to the provisions herein, every Owner shall have a nonexclusive right and easement to use and enjoy the Common Area, which shall be appurtenant to and shall pass with the title to every Dwelling Unit or Lot.

5.3 Title to Outlots. Title to the Outlots mentioned above in Section 3.6 (d), shall be conveyed to the Association by quitclaim deed by Developer. Members shall have the rights and obligations set forth in this Declaration with respect to such Common Areas.

5.4 Extent of Owner's Easements. The rights and easements of benefit and/or enjoyment created hereby shall be subject to the following:

- (a) The right of the Association, but subject to the prior written approval of the Developer and Village, to dedicate or transfer all or any part of any Common Areas to any public agency, authority or utility for such purposes and subject to such conditions as may be agreed to by the Board; and
- (b) The right of the Association, but subject to the prior written approval of the Developer and Village, to mortgage any or all of the Common Areas and facilities constructed on the Common Areas for the purposes of constructing or maintaining improvements or repair to Association land or facilities pursuant to approval of the Board.

5.5 Damage or Destruction of Common Areas by Owner. In the event any Common Area or any portion of the water, drainage, or sanitary sewer systems servicing the Property is damaged or destroyed by an Owner or any of its guests, tenants, licensees, agents or members of its family, such Owner does hereby authorize the Association or the Village to repair said damaged area. The Association or the Village shall repair said damaged area in a good workmanlike manner in conformance with the original plans and specifications of the area

involved, or as the area may have been modified or altered subsequently by the Association in the discretion of the Association but subject to Village approval. Notwithstanding the foregoing, only the Village shall repair any public sanitary water and storm sewer. The amount necessary for such repairs, together with ten percent (10%) for overhead, shall be a special assessment upon the Dwelling Unit of said Owner and shall accrue interest at the annual rate of eighteen percent (18%) unless paid in full within fifteen (15) days after notice to pay. Any such damage not caused by an Owner or the responsibility of an Owner as described herein shall be the responsibility of the Association.

5.6 Right to Enter and Maintain. Developer and Association are hereby granted an easement and consequently shall have the right to enter upon any Outlot, Lot or Dwelling Unit at reasonable notice to the Owner, for the purpose of repairing, maintaining, renewing, or reconstructing any utilities, facilities, retentions areas, drainage systems, sewer and water systems, impoundments or other improvements which benefit other Outlots, Lots or Dwelling Units as a whole, in addition to benefiting such Outlot, Lot or Dwelling Unit. If such Outlot, Lot or Dwelling Unit contains public utilities or facilities having an area-wide benefit, which are maintained by the Village, the Village, following prior written notification to Developer, may, if necessary to maintain such facilities in good working order and appearance, enter upon any Outlot, Lot or Dwelling Unit in order to repair, renew, reconstruct, or maintain such facilities or utilities and may assess the cost, if such cost is not traditionally assumed by the Village and/or prior to acceptance of such public improvements, to the Owners. No prior written notification shall be required for the Village's emergency repairs.

5.7 Disclaimer. Developer shall convey the above-mentioned Outlots mentioned above in Section 3.6 (d) to the Association "as is" and without warranty, express or implied, of condition, quality of construction, fitness for a particular use or otherwise. The Association shall be responsible for obtaining adequate liability insurance for the Common Areas. Developer shall have no liability for damage or injury to any persons or property arising from the existence or use of the Common Areas. The Association shall indemnify and hold Developer harmless against any and all claims relating to the Common Areas.

ARTICLE 6 COVENANT FOR ASSESSMENTS

6.1 Creation of the Lien and Personal Obligation of Assessments. Each Owner of a Dwelling Unit or Lot (other than the Developer) by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant, assume and agree to pay to the Association; provided, however, in the case of an Owner of a Condominium Unit, that such Owner acknowledges and agrees that the Condominium Association shall pay on its behalf: (1) annual general assessments or charges; (2) special assessments for capital improvements and repairs to the Common Areas; (3) special assessments for exterior maintenance to Dwelling Units and repairs to Common Areas; and (4) special assessments as provided in Sections 6.3 & 6.4. All such assessments together with interest thereon and costs of collection thereof, including attorney's fees, shall be (a) a charge on the land and a continuing lien upon the Dwelling Unit, Lot and/or Condominium (as applicable) against which such assessment is made and (b) the personal obligation of the person who was the Owner of such property at the time of the assessment.

Every Owner who has purchased or acquired an interest in a Dwelling Unit from the Developer shall pay to the Association, at the closing of the sale of the Dwelling Unit, a portion of the current annual general assessment payable with respect to a Dwelling Unit, prorated from the date of closing until the end of the current assessment year. Thereafter, on or before the 1st day

of January of the ensuing calendar year, and at such other times during such calendar year that periodic installments are due (if any), each Owner of a Dwelling Unit which is subject to assessment shall pay to the Association, that portion of the annual general assessment which is payable by such Owner pursuant to this Article 6.

Prior to the Turnover Date, in the event the annual general assessments and closing contributions collected under this Article 6, after setting aside contributions to the Capital Reserves, during a given assessment year are insufficient to pay the costs provided for in the budget for the year, the Developer shall pay the shortfall to the Association. Except as set forth in the foregoing sentence, the Developer shall have no obligation to pay any assessments under this Article 6. After the Turnover Date, any such shortfall shall be assessed against all of the Owners (other than the Developer) in the form of a special assessment under this Article 6.

6.2 Annual General Assessment.

- (a) *Purpose of Assessment.* The annual general assessment levied by the Association each year shall be used exclusively to promote the recreation, health, safety and welfare of the Owners and, in particular, for the maintenance, repair, replacement preservation, administration and operation of the Common Areas, in accordance with the requirements set forth herein and those obligations and restrictive covenants set forth on the Final Plats, including but not limited to, the cost of labor, equipment, materials, insurance, management and supervision thereof and fees paid for auditing the books of the Association and for necessary legal services and counsel fees to the Board.
- (b) *Determination of the Assessment.* The Board shall adopt and annually submit to the Members a budget of expenses (including for the buildup of Capital Reserves) for the ensuing year for payment of all costs contemplated within the purposes of the annual general assessment described in Section 6.2(a). The Board shall determine the assessment by dividing the amount of the budget among all fully developed Dwelling Units or Lots in the Subjected Property; provided, however, allocation to any Condominium Association shall account for the number of fully developed Condominium Units within the Condominium. Each owner of a Dwelling Unit, Lot or Condominium Unit by acceptance of a deed therefor, is deemed to acknowledge and agree that the rate of assessment shall not be limited by the amounts set forth in Wisconsin Statutes, Section 779.70. For purposes hereof, "fully developed" with respect to each Dwelling Unit shall mean that the Village has issued, or is prepared to immediately issue, a permit for the construction of a residential unit on the Dwelling Unit.
- (c) *Method of Assessment.* The assessment for each Dwelling Unit shall be levied at the same time, once in each year. The Board shall declare the assessments so levied due and payable at any time after thirty (30) days from the date of such levy (with an option for payment in monthly installments if approved by the Board), and the Secretary or other officer shall notify the Owner of every Dwelling Unit, Lot and Condominium Association so assessed of the action taken by the Board, the amount of the assessment due from each Owner and Condominium Association, and the date such assessment becomes due and payable. Such notice shall be mailed to the Owner and Condominium Association at its last known post office address by United States mail, postage prepaid or emailed to the email address on file with the Association.

- (d) *Date of Commencement of Annual General Assessments.* Annual general assessments shall commence on the date as determined by Developer in its sole discretion.

6.3 Special Assessment for Capital Improvement and Repairs to Drainage System. In addition to the annual general assessments authorized above, the Board may levy in any assessment year a special assessment applicable to that year and not more than the next two (2) succeeding years for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of capital improvements upon the Common Areas, including fixtures and personal property related thereto, extraordinary expenses incurred in the maintenance and operation of the Common Areas and facilities, and defraying the costs of replacing or repairing all pipes, drains, grates and other appurtenances (not otherwise owned by the Village) located within any water drainage easement area, to the extent such costs are not covered by Capital Reserves. No special assessment shall be adopted without the affirmative vote of Members representing at least two-thirds (2/3) of the votes cast on the question by members other than the Developer. The Board shall serve notice of a special assessment on all Owners by a statement in writing giving the specific purpose and reasons therefor in reasonable detail, and the special assessment shall be payable in such manner and on such terms as shall be fixed by the Board. Any assessments collected pursuant to this Section (other than those to cover an unanticipated deficit under the prior year's budget) shall be segregated in a special account and used only for the specific purpose set forth in the notice of assessment.

6.4 Special Assessment for Exterior Maintenance to Dwelling Units.

- (a) *Exterior Maintenance to Dwelling Units.* In addition to the maintenance upon the Common Areas described in Section 6.2, the Association may, at the request of the Owner of any Dwelling Unit or the Condominium Association, or in the event the Owner of any Dwelling Unit or Condominium Association, respectively, fails to maintain the exterior of any buildings or improvements on the Dwelling Unit or Condominium Building or the common area of the Condominium in reasonable condition, provide exterior maintenance upon each Dwelling Unit as follows: (i) paint, repair, replace and care for roofs, gutters, downspouts, exterior building surfaces, driveways, walks, patios and other exterior improvements; and (ii) lawn cutting, shrub and tree trimming, driveway and walk shoveling and window cleaning. The Association, its agents, contractors and subcontractors, shall have all necessary rights of ingress and egress to and from any Dwelling Unit, building or improvement part of the Project with full right to do whatever may be necessary to perform any such maintenance, repair or replacement.
- (b) *Assessment of Cost.* The cost of such exterior maintenance, together with fifteen percent (15%) for overhead, shall be assessed against the Dwelling Unit or Condominium upon which such maintenance is performed and if not paid within thirty (30) days of written notice of the amount of such assessment shall accrue interest at the annual rate of eighteen percent (18%). Such special assessment shall constitute a lien and obligation of the Owner or Condominium Association, as applicable, and shall become due and payable in all respects as herein provided.

6.5 Capital Reserves. The Association shall segregate and maintain special reserve accounts to be used solely for making capital expenditures in connection with the Common Areas and other areas required to be maintained by the Association hereunder (the "Capital Reserve"). The Board shall determine the appropriate level of the Capital Reserve based on a periodic review

of the useful life of improvements to the Common Areas and other areas maintained by the Association and periodic projections of the cost of anticipated major repairs or replacements to such property. Each budget shall disclose that percentage of the assessment which shall be added to the Capital Reserve.

6.6 Closing Contribution. Upon and at the closing of the sale of each Dwelling Unit or Lot by the Developer to a purchaser for value, and upon and at the closing of each subsequent sale of any Dwelling Unit or Lot, the purchasing Owner shall make a contribution to the Association in an amount equal to the greater of (i) one-fourth (1/4) of the current year's assessment for that Dwelling Unit, or (ii) Two Hundred Fifty Dollars (\$250.00). The amounts paid pursuant to this Section shall be held and used by the Association for its working capital needs (and not as an advance payment of the annual general assessment).

6.7 Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinated to the lien of any first mortgage on the Dwelling Unit or Condominium Unit, as applicable.

6.8 Exempt Property. The following property subject to this Declaration shall be exempt from the assessments, charges and liens created herein: (i) all properties not within any Dwelling Unit or Lot to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use; (ii) all Common Areas; (iii) the Excluded Lots, as defined in Section 2.1 and (iv) all Lots owned by the Developer except for Developer's obligation as specified in Section 6.1; and (v) all properties exempted from taxation by state or local governments upon the terms and to the extent of such legal exemption. Notwithstanding any provisions herein, no land or improvements devoted to dwelling use shall be exempt from the assessments, charges or liens.

6.9 Joint and Several Liability of Grantor and Grantee. Upon any sale, transfer or conveyance, the grantee of a Dwelling Unit or Lot shall be jointly and severally liable with the grantor (or in the case of a Condominium Unit, with the Condominium Association) for all unpaid assessments against the grantor as provided in this Article up to the time of the conveyance, without prejudice to the grantee's right to recover from the grantor the amount paid by the grantee therefore. However, any such grantee shall be entitled to a statement from the Association setting forth the amount of such unpaid assessments and any such grantee shall not be liable for, nor shall the Dwelling Unit or Lot be conveyed subject to a lien for, any unpaid assessment against the grantor pursuant to this Article in excess of the amount therein set forth. If the Association does not provide such a statement with fifteen (15) business days after the grantee's request, it is barred from claiming under any lien which was not filed prior to the request for the statement against the grantee.

6.10 Interest on Unpaid Assessment. Any assessment under this Article VI which is not paid when due shall thereafter until paid in full bear interest at the rate of eighteen percent (18%) per annum or the highest interest rate permitted by law, whichever is lower. In addition to the interest charges, a late charge of up to \$50.00 per day may be imposed by the Board against an Owner if any balance in common expenses remains unpaid more than thirty (30) days after payment is due.

6.11 Effect of Nonpayment of Assessments: Remedies of the Association. No Owner may waive or otherwise escape liability for assessments by nonuse of the Common Areas or abandonment of its Dwelling Unit, Lot or Condominium Unit as applicable. If the Association has provided for collection of assessments in installments, upon default on the payment of any one or

more installments, the Association may accelerate payment and declare the entire balance of said assessment due and payable in full. If the assessment levied against any Dwelling Unit, Lot or Condominium Unit remains unpaid for a period of sixty (60) days from the date of levy, then the Board may, in its discretion, file a claim for maintenance lien against such Dwelling Unit, Lot or Condominium Unit in the office of the Clerk of Circuit Court for Kenosha County within six (6) months from the date of levy. Such claim for lien shall contain a reference to the resolution authorizing such levy and date thereof, the name of the claimant or assignee, the name of the person against whom the assessment is levied, a description of the Dwelling Unit, Lot or Condominium Unit, as applicable, and a statement of the amount claimed and shall otherwise comply in form with the provisions of Wisconsin Statutes Section 779.70. Foreclosure of such lien shall be in the manner provided for foreclosure of maintenance liens in said statute or any successor statute.

6.12 Limitations on Adjusting Assessments. Notwithstanding anything contained herein to the contrary, Developer and/or Association shall not have the power to discontinue the collection of assessments and charges or reduce such assessments or charges to a level which, in the opinion of the Village would impair the ability of Developer, Association or the Owner to perform the functions as set forth herein and in the Final Plats. Any proposed elimination or material reduction in the assessments or charges against Owners shall require the approval of the Village.

6.13 Transportation Improvement Fee. Pursuant to that certain Agreement Regarding Contributions for Wisconsin State Trunk Highway 165 Corridor Improvements, dated July 18, 2025, between Developer and the Village, Developer agreed to pass the responsibility of payment for costs associated with improving Wisconsin State Trunk Highway 165 to third party purchasers of Lots. As such, the Owner of a Dwelling Unit within the Property shall be responsible for payment to the Village in the amount of One Thousand Two Hundred Fifty Dollars (\$1,250) at the time a building permit is issued for each Dwelling Unit to be constructed on the Property.

ARTICLE 7 ENFORCEMENT, TERMINATION, MODIFICATION

7.1 Right to Enforce. This Declaration and the covenants contained herein and on the Final Plats are enforceable by Developer, the Association and/or the Village or such persons or organization specifically designated by Developer, in a Recorded document, as its assignee for the purpose thereof.

7.2 Manner of Enforcement. This Declaration and the Covenants contained herein and on the Final Plats shall be enforceable by Developer and its assigns, the Association and/or the Village in any manner provided by law or equity, including but not limited to one or more of the following:

- (a) Injunctive relief;
- (b) Action for specific performance;
- (c) Action for money damages as set forth in this Declaration;
- (d) Performance of these Covenants by Developer, the Association and/or the Village on behalf of any party in default thereof for more than thirty (30) days, after receipt

by such party of notice from Developer, the Association or the Village describing such default. In such event the defaulting Owner shall be liable to Developer, the Association or the Village for the actual costs (plus fifteen percent (15%) for overhead) related to or in connection with performing these covenants; or

(e) Impose a fine as asset forth in Section 8.4 hereof.

7.3 Reimbursement. Any amounts expended by Developer, the Association and/or the Village in enforcing these Covenants, including reasonable attorney fees, and any amounts expended in curing a default on behalf of any Owner or other party, shall constitute a lien against the subject real property until such amounts are reimbursed to Developer, the Association and/or the Village, with such lien to be in the nature of a mortgage and enforceable pursuant to the procedures for foreclosure of a mortgage.

7.4 Failure to Enforce Not a Waiver. Failure of Developer or assigns, the Association and/or the Village to enforce any provision contained herein shall not be deemed a waiver of the right to enforce these Covenants in the event of a subsequent default.

7.5 Right to Enter. Developer, the Association and/or the Village shall have the right to enter upon any Dwelling Unit, Lot or Condominium Unit for the purpose of ascertaining whether the Owner of said Dwelling Unit, Lot or Condominium Unit is complying with these covenants, and if Developer, the Association and/or the Village so elects under Section 7.2(d), for the purpose of performing obligations hereunder on behalf of a party in default hereof.

7.6 Village Authority. In the event the obligations contained herein and as set forth in the Final Plats are not being performed to the satisfaction of the Village, the Village shall have the right, but not the obligation, to perform such function and may assess charges incurred in the performance of such Covenants against the Association and/or the Owners. Any amounts expended by the Village in enforcing these obligations, including reasonable attorney fees, and any amounts expended in curing a default on behalf of any Owner or other party, shall be paid by the Owner or Condominium Association, as applicable. In the event such amounts are not paid, the charges may be levied as a special assessment by the Village in accordance with Wisconsin Statutes.

7.7 Conflict & Failure to Mention. In the event of a conflict between the provision of this Declaration and any Village ordinance, and such Village ordinance is more strict than the provision contained herein, the Village ordinance shall control. Failure to mention a requirement, with respect to any Dwelling Unit, or other necessary approval in this Declaration shall not imply that no such requirement exists with the Village and shall not constitute a waiver of such Village requirement and/or approval. Each and every Owner shall be solely responsible to ensure that the Village ordinances are adhered to and shall be subject to the appropriate Village approval process for construction of the permitted residential unit on said Dwelling Unit.

7.8 Enforcement by Owner. Enforcement of the provisions contained in this Declaration and any rules and regulations adopted hereunder may be by any proceeding at law or in equity by any aggrieved Owner against any person or persons violating or attempting to violate any such provisions, either to restrain such violation or to recover damages, and against a Dwelling Unit or Lot to enforce any lien created hereunder.

ARTICLE 8
GENERAL PROVISIONS

8.1 Term and Amendment. Unless amended as herein provided, this Declaration shall run with the Property and be binding upon all persons claiming under Developer, and shall be for the benefit of and be enforceable solely by the Association, Village and/or Developer for a period of one hundred (100) years from the date this Declaration is Recorded and shall automatically be extended for successive periods of fifty (50) years unless an instrument signed by the Owners of two-thirds of the Dwelling Units and Lots has been Recorded, agreeing to terminate this Declaration in whole or in part. This Declaration may be amended by written amendment, executed and Recorded, setting forth such annulment, waiver, change, modification or amendment executed, solely by Developer until such time as Developer no longer owns any Dwelling Units or Lot in the Property; provided that any such amendment shall not materially and adversely affect the rights of any Owner. This Declaration may be amended by written amendment executed by at least sixty-seven (67%) percent of the Dwelling Units and Lots subject to this Declaration; provided that (i) the provisions of this Section 8.1 may be amended only by an instrument executed by all of the Owners, (ii) no amendment may affect the rights and powers of the Developer shall be effective unless consented to in writing by the Developer, and (iii) any amendment which affects the rights of the Village shall be effective only if the Village has given its prior written consent thereto. All amendments shall be consistent with the general plan of development embodied in this Declaration. Notwithstanding anything to the contrary in this Declaration, any termination, modification, or amendment to this Declaration, at any time and for any purpose, shall not be effective unless the Village has given its prior written approval thereto, which approval shall not be unreasonably withheld.

8.2 Special Amendment. Developer reserves the right and power to Record a "Special Amendment" to this Declaration which may amend, modify, supplement or otherwise change in whole or in part provisions contained in this Declaration with respect to a Sub-Area (as defined in Exhibit E) acquired by a homebuilder which will construct the homes and related improvements in the Sub-Area. Such Special Amendment shall be Recorded only against the applicable Sub-Area, and may grant certain rights to the homebuilder (and its successors and assigns) including, but not limited to, the right to maintain signage on Common Areas, the right to build and occupy temporary construction and sales offices and model homes, the right to act as the ACC for the Sub-Area, the right to approve any amendment to this Declaration (prior to Recording) that may affect the rights of the homebuilder, the right to Record a Sub-Area declaration against the Sub-Area, the right not to pay closing contributions and assessments levied hereunder against Dwelling Units in the Sub-Area until such time as a residential unit is constructed on a Dwelling Unit and conveyed by the homebuilder to a bona fide purchaser for value.

8.3 Notices. Any notice required to be sent to any Member or Owner under the provisions of this Declaration shall be deemed to have been properly sent when mailed, postpaid, to the last known address of the person who appears as Member or Owner on the records of the Association at the time of such mailings.

8.4 Enforcement Via Fines. Upon the occurrence of a violation of the covenants, conditions and restrictions set forth in this Declaration, the Association shall give the Owner written notice of the violation and if such violation is not remedied within five (5) days after notice, or if a second occurrence of such violation shall occur within six (6) months of the original notice of such violation from the Association, the Association may levy a fine in the amount of \$500 and an additional fine of \$100 for each day thereafter that the violation continues. All fines levied by the Association shall constitute a special assessment and a lien on the Dwelling Unit or Lot of
