Opt. Jr. Primary Suite

With six floor plans, three signature elevations, and four curated color schemes per elevation, The Heights offers **72 unique exterior combinations**, creating a streetscape that feels refined, intentional, and rarely repetitive. Set on homesites ranging from approximately **1/6 to 1/3 acre**, each home offers a greater sense of space, privacy, and presence.

That distinction is backed by Ryder Homes' renowned craftsmanship and an uncommon commitment to quality, including a structural engineer inspection on every home, even though it is not required. **Homeowners also enjoy added peace of mind with an exceptional in-house warranty program, featuring a 1-year builder warranty and a 10-year construction defect warranty.**

At The Heights, homeowners enjoy much of the freedom and individuality of a custom home, without the complexity and uncertainty of building one from scratch. **With thousands of financeable builder and designer options**, and the guidance of our talented design professionals, each home can be thoughtfully tailored to reflect the way you live.

 **FLOOR PLANS: 6**  **SQUARE FEET: 1,908 - 2,923**

RYDER HOMES

THE HEIGHTS

The one thing you can never change about your home is its location.

With nearly every homesite backing to open space and offering postcard-worthy views of Mount Rose and Northern Nevada's native landscape, The Heights is a community defined by rare natural beauty and elevated by award-winning home designs.

A Letter

FROM JAY RYDER

One of the things that separates Ryder Homes from most new home builders is that we design brand-new homes exclusively for the communities they are built in. We also only build around 150 new homes every year, which allows us to stay closely connected to every home we build.

When we approached designing the new homes for The Heights, one thing was clear; we had to maximize the exposure to the amazing views that are achievable from nearly every homesite.

In addition to the amazing views, almost every lot at The Heights backs to open space. Meaning, that homeowners at The Heights are likely to never have anyone building behind their property. That's not something you see very often today at new home communities in Northern Nevada.

Our attention to detail when designing the homes at The Heights was awarded when we received the "Best On-The-Boards Home Design" from the Builders Association of Northern Nevada and then again when

The Heights was named the "New Home Community of the Year". Awards are nice, but what we truly value is the opinion of our future and current homeowners.

Making the decision to build a new home is not one that we take lightly. It requires a tremendous amount of trust and cooperation. We've been earning the trust of our homeowner for over the past 65 years, and we'd be honored to build your new home at The Heights.

Sincerely,

Jay Ryder
Owner & President
