

StrucSure Home Warranty provides third-party, insurance-backed new-home warranties to builders across the United States. Those builders then include our warranty protection on the homes they sell to reinforce their commitment to quality and service, build buyer confidence, and offer peace-of-mind to homeowners. Like many types of insurance, the hope is you will never need it, but if a problem emerges, you'll be glad you're covered.

1, 2, & 10-YEAR WARRANTY

This multi-part warranty program includes the following components:

- The **one-year warranty** provides surety coverage and backs the builder's warranty on **defects in workmanship and materials**. Covered components of a home that do not meet established Performance Standards during the first year will be repaired, replaced, or paid for under our warranty in the event the builder is unwilling or unable to do so.
- The **two-year warranty** provides surety coverage and backs the builder's warranty on **defects in the wiring, piping, and ductwork in the electrical, plumbing, heating, cooling, ventilating, and mechanical systems**. Covered components of a home that do not meet the established Performance Standards during the first two years will be repaired, replaced, or paid for under our warranty in the event the builder is unwilling or unable to do so.
- The **10-year structural warranty** provides direct coverage from the day of closing for **major structural defects**. If a major structural defect occurs within the 10-year warranty term, it will be repaired, replaced, or paid for by StrucSure Home Warranty.
