# On Your Lot

## SITE EVALUATION

Sandlin Homes understands that you may have multiple questions when it comes to building a home on your lot or land. Our On Your Lot Specialist will schedule a consultation at your property to determine the next steps for your project.

**Below is what will be accomplished at your FREE site evaluation:**

- ☐ Walk the Homesite
- ☐ Locate Utilities
- ☐ Measure the Frontage
- ☐ Identify the Building Lines (Front, Rear & Sides)
- ☐ Review Topography
- ☐ Determine Easements
- ☐ Discuss Soil Type & the Importance of Obtaining Soils Report
- ☐ Discuss Anything that Needs to Be Removed
- ☐ Discuss Build Pad Location

Building on your lot may seem complicated, but Sandlin Homes is dedicated to making the process as simple as possible. The Sandlin Team offers 65 years of homebuilding experience along with thousands of satisfied customers.
