## WHAT IS A PATIO HOME?

A patio home is a residential unit attached to another unit, with a shared wall in between. Front lawn care is provided through an association fee.

## ASPEN CROSSING PATIO HOMES

Aspen Crossing Patio Homes will feature a collection of thoughtfully designed open floor plan homes with 3 bedrooms and 2 baths, each including a large master suite, and a courtyard with a gated entryway. Walking trails and greenbelt space behind the community make for a beautiful natural setting with quick access to Broken Arrow amenities, The Club at Indian Springs, shops, and highways.
