WHY BISHARD HOMES?

More than 20 years after Bishard Development Corporation was introduced, we continue the tradition that the Bishard brothers began.

Over the years, the area has changed. Design, materials, and technology have evolved, enabling us to build

homes that “perform”—with smart technology, energy efficiency, and design innovations that increase comfort and convenience.

Still, the desire for the serenity that can only be experienced at the shore remains the same—along with the integrity of the people who make Bishard Homes a success. From your first inquiry through finalizing your choices and following the path to ownership, we will smoothly navigate you through every step.

We listen. We offer ideas. We use our experience to bring your dream to life.

Bishard Homes is not our business. It's our pleasure.

Bishard Homes and Bishard Builders have an outstanding reputation for building quality affordable housing and standing firmly behind the quality construction they construct!
