PROFILE

Bobby Littman joins Lee & Associates with years of experience in providing clients with exceptional results. Although his experience has been in the blue-collar world of asphalt and concrete, January of 2023 marks the continuation in his career representing the same type of clients he used to work with in helping them to expand, relocate, and resize their business operation. His approach to ensuring success is tried-and-true: put the person first and the rest takes care of itself. His goal is to ensure that his clients are equipped to make smart, strategic decisions by providing counsel that allows for them to understand all of the nuances that go into making a real estate decision. Working with an exceptionally talented mentor in Murray Gray, Principal, Bobby focuses on tenant representation within the South Atlanta sub-markets.

Bobby Littman is a graduate of the University of Kentucky where he studied both economics and finance. His interests include endurance training, tennis, and real estate investing. When not working, you will find Bobby at a local track or up in North Georgia running mountains.
