Cassette J Card - 2 panel template (pdf Acrobat Format)9. Cassette on Body Printing template (Photoshop EPS Format)10. Avery Cassette Stickers ( 2nd Ver. ) (Microsoft Word .doc Format)11. Cassette labels (Microsoft publisher .pub format) artwork for printing must have a resolution of at least 300 pixels per inch. All paper printing items require bleeding of 1/8 (approx. 3mm) unless noted. Always leave a safety margin of 1/8 from the edge of the paper to important text or visuals - otherwise there is a risk of cutting it off. It doesn't really matter if you supply RGB or CMYK files for short-term jobs below 500... However it is not possible to print all RGB colors on CMYK Use Gamma Photoshop alerts and proof features to predict color changes. Note for Photoshop users: When you import pdf select product to: bleeding boxes make sure your resolution is bleeding to 300 pixels per inch place your artwork in a separate layer J cards we print the perfect, then cut, score and fold. Jump to a template: J-Cards • U-Cards • O-Cards • Pad Print &print; Etching • Engraved Cassette Cases • Label Stickers • Vinyl Albums • Poly double Cases • Double Cassette Boxes • Triple Cassette Boxes • Obi-Strips • 4-Up J-card Blanks • Slipcases A J-card is shaped like a J with a front, spine, and back flap. Some people have been called this 3-panel J-card. We use J idioms plus X panels. A GPS is a G card. JP1 is a J card plus an additional panel. JP5 is a J card with five additional panels. Printing, CREASING and folding cassette J J cards we bleed full printed, then folded and folded so the spine sits flat about. What's the complete bleeding print? This means that you want your artwork to spread to the edge of the trimmed page, so you should include bleeding in your artwork extending past trim lines. If the bleeding does not include, two edges of four edges will follow after cutting the amateur white fringe. Also, if you put important words or art too close to the trim line, it may be disconnected so you should use a safety margin of 1/8 or 3mm. An important note for American customers cassette orders must include text that reads 'Made in Canada' or 'Manufactured in Canada' in J Card artwork in order to safely cross the border. The country of origin must be declared in the artwork otherwise you run a closed risk at the border or return to the manufacturer. To avoid delays or costs of art modification, involve bleeding. Cassette Code Cover Style Download PREVIEW JP0 Audio Cassette 3 Panel J Card Don't forget to extend your art all the way to the edge of the bleeding area, and use the safety margin of 1/8 or 3mm PDF/PSD JP1 audio cassette J Card with 1 extra panel known as 4 panels .pdf Photoshop JP2 Audio Cassette J Card with 2 additional panels known as 4 panel panels 5 rolls equal PDF/PSD JP3 audio cassette J card with 3 Additional panels aka 6 roll panels equal to .pdf JP4 audio cassette J card with 4 additional panels known as 7 roll panels equal to .pdf JP5 audio cassette J card with 5 extra panels known as 8 roll panels JP6 .pdf Audio Cassette J Card with 6 Extra Roll Panels equals .pdf Contact JP7 Audio Cassette J-Card with 7 additional roll panels equals .pdf Contact JP8 Audio Cassette J Card with 8 Additional roll panels equal .pdf Contact JP9 Audio Cassette J Card with 9 additional roll panels equal to .pdf J card for poly case this requires a little shorter front cover of 4 x 2.5 instead of 4 x 2.56 JP6 to JP9 contact us for quotes and templates from J Card formats J card posters available by special request. For itself simply double the height of the mold. A U card is U-shaped. The panel covers the back of the cassette file. You should use cassette boxes that have no hub locks, otherwise U card needs to die cut or dig into a hole that fits over. U voice cards cassette U card with holes we can also use NO-POST items so you don't have to hole. In that case, we recommend using the hub lock. PDF/PSD Printing Pad and HTML Template for Audio Cassette Printing Pad offers us high resolution printing with matte ink, allowing you a lot of creative flexibility. We can reverse feathers or good details (but not really both at the same time). we can do huffton , too . Look around in our gallery and blogs for example. Some of our jobs become collecting items partly because of the artistic prints on the cassette. Our new pad printer allows us to do 2 color prints - send our art for us for quotes in 2 color prints. These templates are also used for our etching services. These templates are 1000 pixels per inch. They will be converted to monochrome BITMAP format. You can also supply PDF vectors or Illustrator files. All artwork and text must appear at least 6 pixels by 6 pixels thick to ensure printing. The empty space between text/artwork must be at least 5 pixels by 5 pixels thick to ensure the ink will not run out and fill the empty space. Please note our guide to the print page pad for important design instructions when slipping usually sits slightly low leaving a clear gap on top. Face Cassette Pad Printing Bright Cassette with The printing area of the artwork should be black and white regardless of the color of the selected ink. All artwork and text must be at least 6 pixels by 6 pixels thick in order to ensure visibility. The empty or knockout space between the artwork/text must be at least 6 pixels by 6 pixels thick to ensure the ink will not run and will fill the gaps. The art file submitted must be at least 6 pixels by 6 pixels thick to ensure the ink will not run and will fill the gaps. The art file submitted should not be raised 5000 in 5000 pixels face cassette print pad for matte white flat cassettes these cassettes have a center or edge, allowing for edge-to-edge artwork without disruption. The artwork should be chosen black regardless of the color of the ink. All artwork and text must be at least 6 pixels by 6 pixels thick in order to ensure visibility. The empty or knockout space between the artwork/text must be at least 6 pixels by 6 pixels thick to ensure the ink will not run and will fill the gaps. The art file submitted must use 5000 x 5000 pixels of these templates for printing standard white/high gloss casslabela art pads, high quality paper labels, white surface straightening for laser and jet ink printed cassette labels allowing us to complete bleeding printing - this it means that you can print a photo background that bleeds off the edges of the label sending your artwork 1-up to exactly 1088 x 525 pixels that including the bleeding area and please don't embed the template into your artwork. Compatible with most cassettes from 1 to Photoshop PDF PNG 12 to Photoshop sheet .pdf PNG word CASS - CASS label - LABKRAFT CASS - LABCLEAR CASS - LABCLEARINKJET CASS - LABBLOCKOUT CASS-LAB WGLASER CASS-LABWGINKJET CASS-LABGOLDFOIL CASS-LABSILVFOIL CASS-LABPINKFLUO CASSETTE LABEL WITH SQUARE BOTTOM CORNERS. BUT NO BLEED AREA ON TOP AND BOTTOM. Since the labels are being touched, the art of the following label will probably creep on the top label, or vice versa. You shouldn't use photo or art backgrounds with these labels, or just use solid color backgrounds. Send 1 up your artwork to exactly 1088 x 497 pixels which includes bleeding area on the left and right, and please don't embed the template into your artwork (unless you want it to print). 1-up Photoshop JPG 12-up Sheet Photoshop .pdf Word CL4RC Cassette paper label with four rounded corners. Includes a standard matte paper stock for laser and ink print envelopes this label allows printing all the bleeding - this means you can print a photo background that bleeds off the edges of the label sending your artwork 1-up to exactly 1089 x Pixels that have such bleeding area and please do not embed the template into your artwork. 1 - up to 12-card PNG PDF sheet PSD J-CARD4UP-BLEED this perforated sheet of 4 J cards. This style allows bleeding on 2 sides. Your J cards will have perforated edges and wrinkles.
