

# AIRX 79<sup>+</sup>

## HOSPITAL DISINFECTANT & ODOR COUNTERACTANT

VIRUCIDAL, FUNGICIDAL, BACTERICIDAL,  
PSEUDOMONACIDAL, STAPHYLOCIDAL

Commercial, industrial and institutional facilities have problems with infection and odor with potential hazards far more serious than in the home. So, don't look to a household product to solve your problems. Instead, depend on AIRX 79+. It qualifies for hospital use, by killing *Pseudomonas aeruginosa* and a broad range of bacteria, viruses and fungi, as listed on the label including such hard to kill organisms as the Genital Herpes 2 virus - not just household germs.

RX79+ is formulated for hospitals • schools • hotels • motels • offices • restaurants • locker and rest rooms • factories • institutions • homes • beauty shops • barber shops • for control of mold & mildew • for space deodorizer & as an air freshener • for sanitizing soft, non-food contact surfaces (fabrics) and soft surfaces

### Description

AIRX 79+ is an easy-to-use aerosol spray for use as a disinfectant on hard nonporous surfaces and sanitizing soft surfaces. It disinfects hard to kill bacteria, viruses and fungi. AIRX 79+ qualifies for hospital use. AIRX 79+ contains odor counteractants and eliminates foul odors when sprayed directly on the source of the odor.

### Uses

Disinfects and deodorizes toilet seats, urinals, metal beds and springs, wash basins, refuse cans, telephones, laundry chutes, wheel chairs, linen carts, non-porous hampers, dressing carts, cleanup carts, light switches and office machinery. Effective on odors from any source when used in hospitals, nursing homes, and ambulances. Acts instantly and remains effective for long periods on unpleasant odors from fecal matter, urine, burns, mildew and mold decay, stale air, perspiration and sickrooms.

Now effective on soft surfaces as a sanitizer: Kills 99.9% of *Enterobacter aerogenes* and *Staphylococcus aureus* on soft, non-food contact surfaces in 60 seconds.

# HOSPITAL DISINFECTANT & ODOR COUNTERACTANT

VIRUCIDAL, FUNGICIDAL, BACTERICIDAL, PSEUDOMONACIDAL, STAPHYLOCIDAL

## Benefits

KILLS BACTERIA, VIRUSES AND FUNGI FOUND IN HOSPITALS - not just household germs.  
KILLS HERPES SIMPLEX TYPE 2 - EPA registered as effective against this genital type virus.  
KILLS PSEUDOMONAS AERUGINOSA - the standard by which germicides are qualified for hospital use.  
ERASES ODORS by attacking them at their source with our proprietary compound Airicide®.  
KILLS VRE, MRSA, CA-MRSA antibiotic resistant bacterial strains.  
SANITIZES: KILLS 99.9% ENTEROBACTER AEROGENES AND STAPHYLOCOCCUS AUREUS ON SOFT, NON-FOOD CONTACT SURFACES

## Directions For General Disinfection

Directions for general disinfection

Clean object to be sprayed using usual cleaning methods.

HOLD DISPENSER UPRIGHT and spray 6 inches from surface until surface is wet. Allow disinfectant spray to remain on the surface for 10 minutes before wiping off.

FOR SANITIZING INANIMATE, NON-FOOD CONTACT SURFACES

\*\*Sanitizes: Kills 99.9% Staphylococcus aureus (staph), Klebsiella pneumoniae (K. pneumoniae), Escherichia coli, Campylobacter jejuni and Salmonella enterica on hard, nonporous surfaces in 20 seconds.

Use to sanitize inanimate, hard, nonporous, non-food contact surfaces.

DIRECTIONS: Clean object to be sprayed using usual cleaning methods.

HOLD DISPENSER UPRIGHT and spray 6 inches from surface until surface is wet. Allow disinfectant spray to remain on the surface for 20 seconds before wiping off.

FOR SANITIZING SOFT, NON-FOOD CONTACT SURFACES (FABRICS)

\*\*\*Sanitizes: Kills 99.9% Enterobacter aerogenes and Staphylococcus aureus on soft, non-food contact surfaces in 60 seconds. Use to sanitize soft surfaces like couches, sofas, mattresses, pet beds, etc.

DIRECTIONS: Spray until fabric is wet. DO NOT SATURATE. Fabric must remain wet for 60 seconds. Let air dry. For difficult odors repeat application. Do not apply on silk, rayon acetate or satin fabrics. Always test on a hidden area of fabric first.

## Germicidal Efficacy

AIRX 79+ is BACTERICIDAL - Kills Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enterica, Salmonella schottmuelleri (paratyphoid B), Salmonella typhosa, Streptococcus pyogenes; Shigella paradysenteriae, Methicillin Resistant Staphylococcus aureus (MRSA), Vancomycin Resistant Enterococcus faecalis (VRE) and Community Associated Methicillin Resistant Staphylococcus aureus (CA-MRSA).

AIRX 79+ is VIRUCIDAL - Kills Influenza A virus (Strain Hong Kong), and Influenza B Virus (Strain B/Hong Kong), Herpes simplex virus type 1 and type 2 and HIV-1 (AIDS virus) on environmental hard surfaces. Respiratory illnesses attributable to Pandemic 2009 H1N1 (formerly called swine flu) are caused by influenza A virus .

AIRX 79+ is FUNGICIDAL - Kills Trichophyton mentagrophytes (the athlete's foot fungus).

AIRX 79+ CONTROLS MOLD/MILDEW - Inhibits growth of mildew (mold fungi) such as of Aspergillus Niger and Penicillium variable on fabric for 28 days and on hard surfaces for 7 days.
