DISTRIBUTED BY:

ALL PURPOSE SPOT REMOVER
FOR CARPETS & UPHOLSTERY

DESCRIPTION

Clausen ALL PURPOSE SPOTTER removes nine out of ten stains from colorfast carpet, upholstery, clothing and other textile products - including spots from protein, sugar, light oily stains and even Betadine®.

HOW TO USE:

Test carpeting and particularly upholstery for compatibility before use by applying in an out of sight spot and rubbing with a white cloth. Not recommended for water sensitive surfaces such as suede, satin, silk, Haitian cotton.

The sooner the spot is treated the better. Remove all loose deposits, then apply ALL PURPOSE SPOTTER directly to the soiled area or to a clean, soft white cloth. Gently rub or brush, work from edge of spot toward center to avoid spreading. Blot with a clean white towel.

USES

Keep available to remove stains from beer, Betadine®, blood, catsup, chocolate, coffee, cosmetics, feces, food, fruit juice, grass, grease, iodine, latex paint, liquor, mildew, milk, oil, pet accidents, shoe polish, soft drinks, tea, urine, wine.

BENEFITS

HIGHLY EFFECTIVE - Removes 9 out of 10 spills and spots - both water based and oil based.

REMOVES BETADYNE® - Works like magic in removing Betadyne® and other iodine containing solutions.

CONVENIENT - The handy pint bottle with flip cap is easily carried or easily stored for emergency use.

SAFE TO USE - Non-flammable, non-toxic. Contains no chlorinated solvents. Harmless to all colorfast fibers, fabrics and carpet backing.
