

# REVITALIZES AND PROTECTS LEATHER, VINYL AND RUBBER

Restores leather and vinyl surfaces to new looking condition. Protects against oxidation and dry rot. For manual cleaning, beautifying and extending the life of vinyl, leather and rubber on automobiles, SUVs, trucks, buses, hearses, ambulances and other vehicles.

### Directions:

Clean surface thoroughly with our all purpose cleaner/degreaser. While surface is still wet, wipe away loosened soil with a damp cloth and allow to dry. Apply Protective Coating liberally and allow to penetrate thoroughly. Wipe off any excess and allow to dry. When being used for the first time, a repeat application may be required.

### Benefits:

A specially formulated coating that leaves a deep gloss that wears like armor. Penetrates, rejuvenates, protects and beautifies upholstery, leather, vinyl, plastic, rubber and finished wood. Restores old surfaces to like new condition. Prevents drying, hardening and cracking. Protects against oxidation and dry rot.

### Specifications:

APPEARANCE.....	Milky liquid
ODOR.....	pleasant
SPECIFIC GRAVITY.....	1.010 ± 0.005
pH.....	7.0
Viscosity.....	Water...Thin
PRODUCT CODE .....	1PC
