

# FIREBALL II

Non-Acid Drain Opener

## DESCRIPTION

A fast acting, non-acid liquid for opening and maintaining drains and traps in sinks, tubs, toilets, urinals and floor outlets by dissolving and liquefying grease, paper, sanitary napkins and the hair and soap residue that holds it together. Also great for cleaning commercial grease traps.

## BENEFITS

**CLEARs BLOCKAGES:** Dissolves blockages of such things as paper, sanitary napkins, cigarettes, hair and coagulated soap that holds it together.

**HEAVIER THAN WATER:** The heavy specific gravity of Fireball II causes it to sink through standing water and directly attack blockages.

**HARMLESS** to porcelain, plumbing fixtures, plastic pipes and septic tanks.

## HOW TO USE

Size of drains and extent of blockage can vary. Recommendations below should be adjusted to conditions.

Small Drains..... 8 oz..... Allow to stand 15 minutes  
 3' to 4' Drains..... 1 pt..... Allow to stand 20 minutes  
 Toilet Bowls..... 1 pt..... Allow to stand 20 minutes  
 6' to 8' Drains..... 1 qt..... Allow to stand 30 minutes  
 Grease Traps..... 1 qt..... Allow to stand 30 minutes

For preventative **MAINTENANCE:** Use 3-6 oz. of product weekly. Allow to stand 5 minutes before rinsing through system.

Pour product slowly and carefully to avoid splashing in ones eyes or on skin or clothing. No need to remove standing water – this product is heavier than water and will flow to the blockage. After the drain is clear, flush with warm water for about 5 minutes.

## SPECIFICATIONS

APPEARANCE.....Colorless liquid  
 ODOR.....Practically odorless  
 SPECIFIC GRAVITY.....1.260 ± 0.005  
 pH.....14.0  
 FLASH POINT.....None to boiling  
 PRODUCT CODE.....FB2
